Review Board & approved fees (Policy S-10)– Kody Colvin

SLC school district ensures that all students K-6 are provided with a free education. For students 7-12 SLC school district, the board recognizes the need to assist families that are unable to pay for school fees. Fee waivers are made available to these families. The purpose of this policy is to inform parents of fee schedules and also to avoid exclusion of students participating in school sponsored activities because they cannot afford fees.

Possible Return January-Kody Colvin

Survey to families was sent out last night and should be returned by December 16, 2020. Families will decide if they would like their students to return or remain on remote learning. Once the decision has been made, families will be unable to change their decision (unless they have unique situation) until the end of March. Based on the numbers there may also be no guarantees that all students will have the same teacher; however, administration will do its best to accommodate the needs of the students.
