

Accessing Books for Summer Reading

There are several ways students can access titles for summer reading. Most books are available in print, as well as eBook and audiobook format. The directions for finding and requesting books are as follows:

Print Books

Print books available through your school's media center can be accessed using the automated library catalog at <https://search.follettsoftware.com/metasearch/ui/28133> Look at "Collections" to find the required reading lists. Students should log in with their computer username (not their e-mail) and password. If a book is available, they can place the title on hold and it will be made available curbside on one of the scheduled dates. Print books will also be available through TPL. Check their website <https://troypl.org/> for the most up-to-date information.

eBooks and audiobooks

Digital copies of books are available through [SORA](#) which will give you access to everything owned by TSD as well as titles owned by Troy Public Library if you link your account. [For directions on using SORA click here.](#) If you do not already have a TPL barcode number to link your SORA account to TPL, [use these directions to get your TPL eCard activated.](#)

Upperclassmen, some of your required titles are considered "adult" so you may need to download the

LIBBY app and log in with your TPL barcode or eCard number in order to access what is available from TPL.

Troy Public Library also provides access to free eBooks and audio-books through the app

Hoopla.

To access these titles, first download the app, link it to TPL using either your regular TPL barcode or your TPL eCard number. All titles in Hoopla can be checked out (no waiting lists) for a 3 week check out period. TPL has created a [help page](#) with directions for downloading digital resources.

If you have questions or need further assistance, reach out to your media specialist.
