

TPSS Plan for Accelerating Learning

2021 - Ongoing

Best Practices:

- **All students receive grade-level Tier I instruction**

Tier 1 instruction remains the bedrock of recovery and academic “catch up”

- **Address gaps in prior learning, pre-teach and reteach.**

For all students to achieve mastery of a subject some will need a combination of core instruction and extra time to learn.

- **Monitor implementation, assess student gains in 3 week intervals, and revise plans as needed.**

Assess impact quickly and often.

ELA

Our Tier I curriculum by grade level:

K-2

CKLA/Wit & Wisdom

3-12

LDOE Guidebooks

Screeners & Monitoring

K-2 & Beginning of the year for 3rd graders

- We have a Comprehensive Literacy Plan to address the critical goal of all students achieving mastery on their 3rd grade LEAP 2025 assessments.
- We use CKLA and Wit & Wisdom beginning of the year data, as well as, Dibels as our screeners at the beginning of the year to determine each student's strengths and needs around reading.
- mCLASS is utilized to support each student's identified needs. Every 10 lessons students are assessed in the system to determine when to progress to the next part of the learning plan.

Interventions/Acceleration

Grade Level	Intervention	Next Steps
K-2 (3)	mCLASS	<p>Regularly analyze progress monitoring data to assess student growth</p> <p>On-grade level or beyond students use the extra time to accelerate to more advanced texts through independent reading.</p>
3-12	Diverse Learners Guide & Accelerate Strategy	Differentiate instruction with Tier I content and use extra time to Pre-teach and have real time tutoring using the Diverse Learners supports embedded in the lessons.

Math

PreK - 10th

Eureka

11th - 12th

Dual Enrollment/AP/Honors or CTE

Screeners/Monitoring

- Equip is utilized to determine skills within the current module that a student may struggle with and provides individualized and specific lessons for teachers to use to pre teach and accelerate learning in real time during intervention time.
- Leap 360 interims

Interventions/Acceleration

Grade Level	Intervention	Next Steps
K-6 (Use Accelerate lessons during designated time)	Equip Zearn Great Minds in Sync Videos	Used for each module Supplemental Curriculum Developers presenting lesson and available all the time.
7-10 (Use Accelerate lessons during designated time)	Equip Great Minds in Sync Videos	Used for each module Curriculum Developers presenting lesson and available all the time.

2nd semester remediation

- Imagine Learning is being utilized in the spring in order for students to receive additional help and provide additional data for school performance committee members to consider during promotion/retention meetings.
- REAL Tutoring is an option for 3rd graders who are struggling and would like additional virtual tutoring sessions. Eligible students received a flyer from their school.

Summer Support

- Summer Camps will be utilized throughout the district the combine acceleration and enrichment opportunities for our 2-8 grade students.
- Our summer instructors will utilize Accelerate lessons provided by LDOE to assist with pre teaching rather than remediation that will follow our summer curriculum. Each student will be exposed to ELA and/or Math along with an enrichment or multiple enrichments from the areas of art, music, theatre, and STEM.

Plans for Next School Year

- Every school will continue to have an intervention period during the school day that allows for additional time to support students by accelerating learning by extending lessons and pre teaching.
- Literacy coaches will be utilized at our CIR schools to address struggling readers.
- Each K-2 CIR school will have a teacher trained to be a K-2 Content Leader to offer additional support during collaboration.
- A strong cycle of screening, teaching, accelerating, monitoring, and reteaching will be utilized in ELA & Math to support students on their path to mastery.
