

TAFT Laptop Program (2021-22 Academic Year)

Taft recognizes that computers are an integral tool for learning and success throughout the campus, in the classroom, the library, the dorm, the science center, or on the Jig Patio. Taft requires each student to have a laptop computer. To make selection easier for parents and students, we are offering an optional school laptop program. Our goal is to provide better service for our students while they are away from home and to bring peace of mind to their parents. The package design is to meet all the computing needs of students during their time at Taft. **New this year!** Each package includes a **4-Year Manufacturer Extended Warranty & 4-Year Accidental Damage¹ Insurance, Clear Hardshell Case², & Anti-Virus Software.** Taft's laptop program also includes complete on-site support³ with loaner laptops available when an off-site repair is necessary.
