Courses Offered

Kindergarten Camp:

Kindergarteners, come have fun in the sun with summer themed activities focused on strengthening students' foundational skills

Summer Fun in 2nd Grade:

Students will participate in a variety of hands on activities to get ready for third grade

Full STEAM Ahead in 3rd Grade:

Come learn and explore our world through the integration of science, math and language arts.

Camp Quartz Hill 4th Grade:

Welcome to Camp Quartz Hill! Students will engage in a variety of technology/STEAM activities that will develop their teambuilding, math, language and speaking skills all in a camp themed setting.

5th Grade Fair:

Students will engage in a project on campus "Going to the Fair", participate in hands on science experiments and a novel study. This will be a fun-filled summer of learning!

6th Grade Writer' Workshop:

Students have stories to tell about themselves and about the world around them! They will be given the opportunity to use and develop their voices through narrative, poetic, and expository writing.
