

### Art Vision Statement

*At Stockton Primary School art forms an important part of the curriculum. We believe art education stimulates creativity and imagination whilst giving the child unique opportunities to develop intellectually, emotionally, physically and socially. Therefore, we believe that it should be taught as an individual subject as well as incorporated into other curriculum lessons. We believe in developing an appreciation and understanding of the work of other artists therefore we provide opportunities to develop cultural capital in this area by learning about great artists, designers and architects.*
