

Empower, Inspire, Create

The Louis B. Kopp Scholarship

The Louis B. Kopp Scholarship was established in 2021 by his son and his son's wife, Douglas & Jeanne & Kopp GP'22,'25, to honor the memory of his father.

Louis Kopp was raised in North Kentucky in a loving, Christian family. Always a bright student, Louis enrolled in college after high school. His time in college was cut short by the beginning of World War II.

After the war, family finances prevented him from returning to the university, something that he regretted throughout his life. Nonetheless, Louis, a self-taught engineer, used his skills to help develop a number of successful businesses.

Mr. Kopp believed that faith, kindness, intelligence, and old-fashioned determination was the foundation on which dreams can blossom. Among the greatest gifts he gave his children a strong Christian faith and an appreciation and gratitude for the gift of education.

The Louis B. Kopp Scholarship will be awarded annually to a promising student who demonstrates the qualities of a "Knight" and recognizes their good fortune to be part of the Village School community. A strong candidate will demonstrate evidence of leadership potential, strong character, and a desire to make an impact.
