

Dear Lower School Families,

Welcome! Spring brings so many things from beautiful blooming flowers to piles of pollen. It also brings the excitement of thinking about the next school year. While we are still fully immersed into this current school year, we are so excited to share information in preparation for our next school year. In addition to the resources below, we would like to invite you to a Zoom session with myself and our Academic Dean on May 22 at 10:00a.m. You can access the Zoom meeting here:

You are welcome to submit questions in advance [here](#).

Take a moment to explore a little about the grade your child will enter next year. Each of the links below include a slideshow with resources and summer reading options. You can also find suggestions for what can be done over the summer to help prepare your child for next year.
