

Elliot Lee
Class of 2024

I would like to hold a position as a Class Officer for Daniel Hand High school to be a part of the class in creating and planning school events. I am interested in creating events and activities that our class can take part in such as end of the year celebrations and dances. Attending fundraising events has always left me smiling, and I wish to create that feeling for others in my class. Because of Covid-19, DHHS couldn't host any events throughout the year. Therefore, it is our responsibility, as class officers, to guarantee that next year is full of enjoyable events. I feel that my peers would respect my ideas for future events. When they disagree or have opposing views, being supportive is my main goal. The Class Officer seems like a job for a hard-working and diligent student; I believe that I can live up to the position.
