Class officer essay

I feel as if I would be a good person to be a class officer for lots of reasons. The first reason is that I'm in 2 clubs in school and 3 sports teams. That gives me outreach to different people so I can receive ideas or feedback about anything going on around the school from a large number of people. Other kids in our school don't have as many clubs and sports which means that the opinions they receive could be different from the opinions of the majority of students. Also I've been a part of peer advocate or peer helpers clubs since 5th grade so I have lots of experience in these sorts of groups. The people that know me know that I'm usually an un-biased person and I'm always open to ideas that contrast my own. I hope you will consider me for class officer.
