

Community Engagement 2015

SOUTH KITSAP SCHOOL DISTRICT

Welcome

We are pleased with the response to our initial Thoughtexchange process. This innovative tool allowed stakeholders to share thoughts when and where it's most convenient. Our goal was to engage our stakeholders in drafting our strategic plan, goals, and priorities. It is clear from the more than 3,300 participants that our community wants to engage with us.

Please take a moment to browse through the results on the following pages. You will see that stakeholders value our quality teachers and staff and how we support and engage all learners. We are also discovering areas we can improve. We will use all we learn to inform our strategic plan for 2020. Thank you for your continued support of students and staff!

Warmest regards,

Michelle Reid, Ed.D.
Superintendent
South Kitsap School District
