INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 98-1 ("CFD No. 98-1") of the Laguna Beach Unified School District (the "School District") resulting from the sale of \$7,658,626.93 in Bond Anticipation Notes ("1999 BANs") in December 1999, the sale of \$9,970,000 in Special Tax Bonds (the "Series 2004 Bonds") in September 2004, and the sale of \$9,330,000 in Special Tax Refunding Bonds (the "Series 2012 Bonds") in August 2012.

CFD No. 98-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982 (the "Act"), as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 98-1 is authorized to issue up to \$11,000,000 in bonds. The proceeds of the 1999 BANs were used to finance school facilities, land, rights-of-way and easements necessary for these facilities, as well as the costs associated with the planning and designing of these facilities, including environmental evaluation costs. The total cost of such facilities is expected to equal the mitigation obligation, as defined in the School Facilities and Funding Agreement, which is currently estimated at approximately \$6.9 million. The proceeds of the Series 2004 Bonds were used to pay all remaining interest and principal on the Series 1999 BANs. The proceeds of the Series 2012 Bonds were used to pay all remaining interest and principal on the Series 2004 Bonds.

In 2000, an Amended and Restated Rate and Method of Apportionment was approved by the School District and the qualified electors in CFD No. 98-1. All references to the Rate and Method of Apportionment in this report refer to the Amended and Restated Rate and Method of Apportionment.

The bonded indebtedness of CFD No. 98-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within the community facilities district. In calculating the special tax liability for fiscal year 2021-2022, this report not only examines the financial obligations of the current fiscal year, but also analyzes the amount of new development which has occurred within the boundaries of the community facilities district, as well as the results of the prior year's special tax levy. The current outstanding principal is equal to \$7,460,000 which is based on principal paid through September 1, 2020. The 2012 Bonds are scheduled to be paid off in the year 2034. Pursuant to the Rate and Method of Apportionment ("RMA"), the special tax shall be levied each year to fully satisfy the special tax requirement, but in no event shall it be levied after fiscal year 2049-2050. The RMA is included in Appendix B.

A map showing the property in CFD No. 98-1 is included in Appendix A.

This report is organized into the following sections:

- **Section I:** Section I provides an update of the development activity occurring within CFD No. 98-1.
- **Section II:** Section II analyzes the previous fiscal year's special tax levy and includes a discussion of delinquent special taxes.
- **Section III:** Section III determines the financial obligations of CFD No. 98-1 for fiscal year 2021-2022.
- **Section IV:** Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the fiscal year 2021-2022 special taxes for each classification of property is included.

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment. The Rate and Method of Apportionment defines four categories of property, namely "Developed Property," "Taxable Non-Residential Property," "Taxable Public Property" and "Undeveloped Property." The category of Developed Property is in turn divided into six separate special tax classifications based on the type of use, density, or assessable area of the structure built thereon. The Developed Property special tax classifications are shown in Table 1 below.

Table 1: Developed Property Classifications

Land Use Class	Description	Density or Assessable Area
1	Single-Family Detached	0.00–2.99 du/acre
2	Single-Family Detached	3.00–5.99 du/acre
3	Single-Family Detached	6.00–7.99 du/acre
4	Single-Family Detached	8.00 or more du/acre
5	Single-Family Attached	≥2,400 sq. ft.
6	Single-Family Attached	<2,400 sq. ft.

Developed Property is distinguished from Undeveloped Property by the issuance of a building permit. Specifically, property for which a building permit was issued as of January 1 will be classified as Developed Property in the following fiscal year. For example, all property in CFD No. 98-1 for which building permits were issued prior to January 1, 2021, will be classified as Developed Property in fiscal year 2021-2022. Hence, the development research discussed below focuses on the 12-month period ending January 1, 2021.

B Development Update

CFD No. 98-1 encompasses a portion of the Newport Coastal Local Coastal Program area that lies within the service boundaries of the Laguna Beach Unified School District. CFD No. 98-1 includes approximately 625 acres in the County of Orange located on Pacific Coast Highway. At buildout, it is expected that CFD No. 98-1 will consist of approximately 619 residential units.

Background research was conducted to determine the amount and type of development activity that occurred during the previous fiscal year. Review of the County of Orange's building permit records indicated that no new building permits within CFD No. 98-1 were issued between January 1, 2020 and December 31, 2020. Prior to January 1, 2021, 605 building permits had been issued within CFD No. 98-1. A total of 6.59 acres in the district remain undeveloped.

Table 2 below lists the aggregate amount of Developed Property by special tax classification.

Table 2: Cumulative Developed Property

Land Use Class	Description	Density or Assessable Area	Residential Units
1	Single-Family Detached	0.00–2.99 du/acre	168
2	Single-Family Detached	3.00–5.99 du/acre	278
3	Single-Family Detached	6.00–7.99 du/acre	135
4	Single-Family Detached	8.00 or more du/acre	0
5	Single-Family Attached	≥2,400 sq. ft.	24
6	Single-Family Attached	<2,400 sq. ft.	0
Total	N/A	N/A	605

II FISCAL YEAR 2020-2021 SPECIAL TAX LEVY

The total special tax levy for fiscal year 2020-2021 equaled \$632,849. As of May 10, 2021, \$626,415 in special taxes had been collected by the County. The remaining \$6,433 in special taxes are delinquent, resulting in a delinquency rate of 1.02%.

As a participant in the Teeter Program, the School District will receive an apportionment from the County equal to the delinquent unpaid special taxes for fiscal year 2020-2021. This apportionment is anticipated to occur early in fiscal year 2021-2022.

III FISCAL YEAR 2021-2022 SPECIAL TAX REQUIREMENT

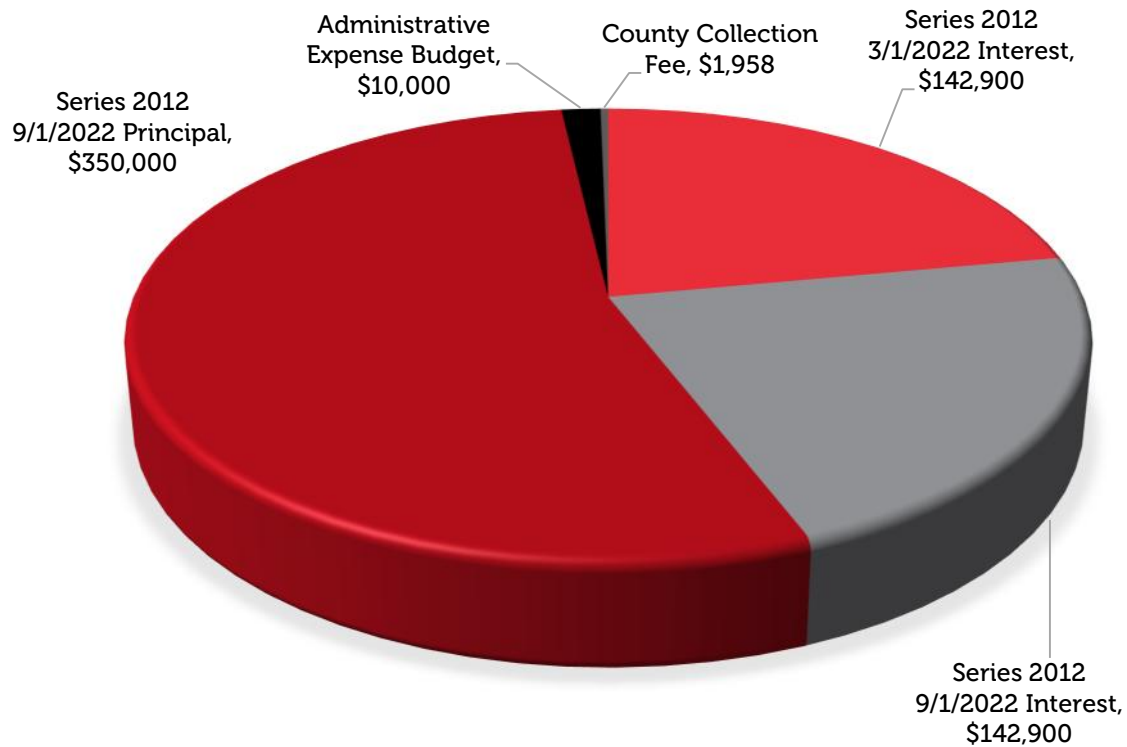

For fiscal year 2021-2022, the special tax requirement is equal to \$640,867 and is calculated as follows:

Table 3: Fiscal Year 2021-2022 Special Tax Requirement

	Total
Fiscal Year 2021-2022 Obligations

Figure 1: Fiscal Year 2021-2022 Gross Special Tax Requirement

Total Fiscal Year 2021-2022 Gross Special Tax Requirement: \$647,758

IV METHOD OF APPORTIONMENT

A Maximum Special Taxes

The amount of special taxes that CFD No. 98-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The initial maximum special taxes for each classification of Developed Property, or the "Assigned Special Taxes," are specified in Table 1 of Section C of the Rate and Method of Apportionment.¹ On each July 1, commencing on July 1, 2001, the maximum special tax shall be increased by an amount equal to 2% of the maximum special tax in effect for the previous fiscal year.

B Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section E of the Rate and Method of Apportionment. Section E apportions the special tax requirement in four steps which prioritize the order in which Developed Property, Taxable Non-Residential Property, Taxable Public Property, and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Developed Property (i) at 100% of the assigned special tax prior to the date at which the Board determines that no additional bonds will be sold, and (ii) up to 100% of the assigned special tax after the date on which it is determined by the Board that no additional bonds will be issued for CFD No. 98-1. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against all parcels of Undeveloped Property at up to 100% of the applicable maximum special tax per acre.

The third and fourth steps are designed to accommodate changes in land use and are intended to be used only as a last resort. Since actual land uses have not substantially deviated from the original projections, these steps are not necessary.

Application of the maximum special taxes under the first step generates special tax revenues of \$1,336,031 from Residential Property, which is more than sufficient to meet all obligations for CFD No. 98-1 for fiscal year 2021-2022 as outlined in Section III. Therefore, the fiscal year 2021-2022 special tax for each parcel of Developed Property is equal to approximately 47.97% of the maximum special tax.

The fiscal year 2021-2022 special taxes are shown for each classification of Developed Property and Undeveloped Property in Table 4 and graphically on the following pages. The Special Tax Roll which lists the total special tax levy for each parcel is shown in Appendix C.

¹ Technically, Section C states that the maximum special tax for a parcel of Developed Property is equal to the greater of (i) the "Backup Special Tax" or (ii) the rate set forth for the applicable Developed Property classification in Table 1 of Section C; plus, for certain property, the Supplemental Special Tax. In this report, all discussion of maximum tax rates focuses on the rates set forth for each classification of Developed Property in Section C of the Rate and Method of Apportionment.

2. Expected Special Tax Revenues

Before each Final Subdivision Map is recorded for a Planning Area, or any portion thereof, the CFD Administrator shall project the Expected Special Tax Revenues that will be generated at buildout of the Planning Area based on the Assigned Special Tax rates then in effect and (i) the number and Density or Assessable Area of residential lots or the Acreage of non-residential lots to be created by the recordation of the proposed Final Subdivision Map, (ii) the number and Density or Assessable Area of residential lots or the Acreage of non-residential lots within the Planning Area created pursuant to previously recorded Final Subdivision Maps, and (iii) the estimated number and Density or Assessable Area of remaining residential lots or the Acreage of non-residential lots within the Planning Area for which Final Subdivision Maps have not been recorded, based on tentative maps, the Development Projection, and any other available information.

3. Determination of Need for Backup Special Tax

Prior to the recordation of a proposed Final Subdivision Map, if the CFD Administrator determines that based on tentative maps, Final Subdivision Maps, the Development Projection, and any other available information that the Expected Special Tax Revenues that will be generated at buildout of the Planning Area are less than the Planning Area's Required Special Tax Revenues, then a Backup Special Tax will apply to each Assessor's Parcel of Taxable Property within such Final Subdivision Map. However, if it is determined that after the recordation of the proposed Final Subdivision Map, the Expected Special Tax Revenues are greater than or equal to the Planning Area's Required Special Tax Revenues, then no

Backup Special Tax will be required with respect to such Assessor's Parcels.

4. Calculation of Backup Special Tax

If a Backup Special Tax is required pursuant to Section D.3., the CFD Administrator shall calculate the Backup Special Tax for each Assessor's Parcel as follows:

For Single Family Detached Property, the Backup Special Tax for each Assessor's Parcel of Taxable Property within the proposed Final Subdivision Map shall equal the Planning Area's Required Special Tax Revenues less the Developed Property Maximum Special Taxes (excluding the Supplemental Special Taxes, if any) to be generated from all previously recorded Final Subdivision Maps within the Planning Area, divided by the sum of the number of Single Family Detached Property residential lots included in the proposed Final Subdivision Map and the number of any remaining Single Family Detached Property residential lots within the Planning Area for which Final Subdivision Maps have not been recorded.

For Single Family Attached Property, the Backup Special Tax per Acre of Taxable Property within the proposed Final Subdivision shall equal the Planning Area's Required Special Tax Revenues less the Developed Property Maximum Special Taxes (excluding the Supplemental Special Taxes, if any) to be generated from all previously recorded Final Subdivision Maps within the Planning Area, divided by the sum of the Acreage in the proposed Final Subdivision Map and the Acreage of any remaining Single Family Attached Property residential lots within the Planning Area for which Final Subdivision Maps have not been recorded.

For Taxable Non-Residential Property, the Backup Special Tax per Acre of Taxable Property within the proposed Final Subdivision shall equal the Planning Area's Required Special Tax Revenues less the Maximum Special Taxes (excluding the Supplemental Special Taxes, if any) generated from all previously recorded Final Subdivision Maps within the Planning Area, divided by the sum of the Acreage of Taxable Non-Residential Property in the proposed Final Subdivision Map and the Acreage of any remaining Taxable Non-Residential Property within the Planning Area for which Final Subdivision Maps have not been recorded.

5. Increase in the Backup Special Tax

Each Fiscal Year, beginning in the first Fiscal Year after the Backup Special Tax was calculated for a Final Subdivision Map, the Backup Special Tax applicable to all Assessor's Parcel within such Final Subdivision Map shall increase by an amount equal to two percent (2%) of the amount in effect for the previous Fiscal Year.

6. Special Tax Shortfall or Surplus

Prior to the recordation of the last Final Subdivision Map for a Planning Area or prior to the issuance of the last building permit(s) for Single Family Attached Property (if such property is the last property to be developed within a Planning Area), the CFD Administrator shall calculate the actual Developed Property Maximum Special Tax revenues (excluding Supplemental Special Tax revenues, if any) that will be generated from such Planning Area.

If the actual Developed Property Maximum Special Tax revenues (excluding Supplemental Special Tax revenues, if any) are less than the Required Special Tax Revenues for such Planning Area, then a One-Time Backup Special Tax Payment shall be required prior to the recordation of the last Final Subdivision Map or issuance of the last building permit(s), as applicable. The One-Time Backup Special Tax payment amount will be calculated using the prepayment formula described in Section J.1, with the following exceptions: (i) the amount used in Paragraph 1 of the prepayment formula described in Section J.1 shall equal the difference between the actual Developed Property Maximum Special Tax revenues (excluding Supplemental Special Tax revenues, if any) and the Required Special Tax Revenues for such Planning Area; and (ii) the Maximum Special Taxes applicable to property within a Planning Area shall not be reduced or relieved as a result of payment of the One-Time Backup Special Tax.

If the actual Developed Property Maximum Special Tax revenues (excluding Supplemental Special Tax revenues, if any) are greater than the Required Special Tax Revenues for such Planning Area, the CFD Administrator shall calculate the amount of surplus Special Tax revenues. Such surplus Special Tax revenues shall be used to reduce the Required Special Tax Revenues for the next Planning Area(s) for which a Backup Special Tax would have otherwise been required, until the amount of surplus Special Tax revenues has been reduced to zero.

E. SUPPLEMENTAL SPECIAL TAX

The Supplemental Special Tax shall only apply to Assessor's Parcels of Developed Property located in Planning Areas 4A and 4B.

1. Fiscal Year 2000-01 Supplemental Special Tax

- a. Assessor's Parcels for Which the Assigned Special Tax Is Greater than the Backup Special Tax

The Fiscal Year 2000-01 Supplemental Special Tax for Assessor's Parcels for which the Assigned Special Tax is greater than the Backup Tax (or for which the Backup Special Tax does not apply) is equal to \$340.06 per unit.

b. Assessor's Parcels for Which the Assigned Special Tax Is Less than the Backup Special Tax

The Fiscal Year 2000-01 Supplemental Special Tax for Assessor's Parcels for which the Assigned Special Tax is less than the Backup Tax is equal to \$340.06 per unit multiplied by one plus the percentage (expressed as a decimal) by which the Backup Special Tax is greater than the Assigned Special Tax for each such Assessor's Parcel.

2. Increase in the Supplemental Special Tax

On July 1, 2001 and on July 1 of each Fiscal Year thereafter, the Supplemental Special Tax shall be increased by an amount equal to two percent (2%) of the Supplemental Special Tax for the previous Fiscal Year.

3. Termination of the Supplemental Special Tax

If the Notes are paid on or before maturity with the proceeds of long term Bonds issued by CFD No. 98-1, the CFD Administrator shall, within 30 days of the issuance of such Bonds, determine whether the total estimated Assigned Special Taxes plus Backup Special Taxes that can be levied in each Fiscal Year (based on the Development Projection) generate Special Tax revenues at least equal to the sum of (a) 110% of debt service on Outstanding Bonds in the calendar year commencing in such Fiscal Year, plus (b) an allowance for Administrative Expenses of \$30,000 per Fiscal Year, escalated by two percent per year beginning in Fiscal Year 2001-02.

If the CFD Administrator determines that such Special Tax revenues are at least equal to the sum of the amounts described in the preceding paragraph then, as of the date of such determination the Supplemental Special Tax shall terminate, and the obligation of any Assessor's Parcels to pay the Supplemental Special Tax in any future Fiscal Year shall cease. Otherwise, the Supplemental Special Tax shall remain in effect throughout the remaining term of the Special Tax.

F. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

Commencing with Fiscal Year 2000-01 and for each following Fiscal Year the Special Tax shall be levied as follows:

First: Prior to the date on which it is determined by the Board that no additional Bonds will be issued for CFD No. 98-1, the Special Tax shall be levied on each Assessor's Parcel of Developed Property at 100% of the applicable Assigned Special Tax. After the date on which it is determined by the Board that no additional Bonds will be issued for CFD No. 98-1, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Assigned Special Tax to the extent necessary to satisfy the Special Tax Requirement;

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property for which the Backup Special Tax is greater than the Assigned Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Backup Special Tax for each such Assessor's Parcel;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then, so long as the Supplemental Special Tax has not terminated pursuant to Section E above, the levy of the Special Tax on each Assessor's Parcel for which the Supplemental Special Tax is applicable shall be increased in equal percentages from the Assigned Special Tax or Backup Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement after the first four steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Non-Residential Property or Taxable Public Property at up to the Maximum Special Tax for Taxable Non-Residential Property or Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax levied against any Assessor's Parcel of Developed Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent as a consequence of delinquency or default by the owner of any other Assessor's Parcel within the CFD.

G. EXEMPTIONS

No Special Tax shall be levied on Property Owner Association Property, and up to 60 gross Acres of Non-Residential Property and 50 gross Acres of Public Property. Tax-exempt status will be irrevocably assigned by the CFD Administrator in the chronological order in which property becomes Property Owner Association Property, Public Property or Non-Residential Property. However, should an Assessor's Parcel no longer be classified as Property Owner Association Property, Non-Residential Property, or Public Property, its tax-exempt status will be revoked.

Non-Residential Property or Public Property that is not exempt from Special Taxes under this section shall be subject to the levy of the Special Tax and shall be taxed Proportionately as part of the fifth step in Section F above, at up to 100% of the applicable Maximum Special Tax for Taxable Non-Residential Property or Taxable Public Property.

H. REVIEW/APPEAL COMMITTEE

The Board shall establish as part of the proceedings and administration of CFD No. 98-1 a special three-member Review/Appeal Committee. Any landowner or resident who feels that the amount of the Special Tax levied on their Assessor's Parcel is in error may file a notice with the Review/Appeal Committee appealing the amount of the Special Tax levied on such Assessor's Parcel. The Review/Appeal Committee shall interpret this Rate and Method of Apportionment and make determinations relative to the annual administration of the Special Tax and any landowner or resident appeals, as herein specified. The decision of the Review/Appeal Committee shall be final and binding as to all persons.

I. MANNER OF COLLECTION

The Special Tax shall be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 98-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

J. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section J:

"Construction Fund" means the account (regardless of its name) identified in the Indenture to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

"Outstanding Bonds" means all previously issued bonds which remain outstanding after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all CFD No. 98-1 Bonds that have been issued by CFD No. 98-1 prior to the date of prepayment.

1. Prepayment in Full

Only an Assessor's Parcel of Developed Property or Undeveloped Property for which a building permit has been issued may be prepaid. The Special Tax obligation applicable to an Assessor's Parcel in CFD No. 98-1 may be prepaid and the obligation of the Assessor's Parcel to pay any Special Tax permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor's Parcel only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount of such Assessor's Parcel. The CFD Administrator may charge a

reasonable fee for providing this figure. Prepayment must be made not less than 45 days prior to any redemption date for CFD No. 98-1 Bonds to be redeemed with the proceeds of such prepaid Special Taxes.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Defeasance Amount
plus	Administrative Fees and Expenses
less	Reserve Fund Credit
less	<u>Capitalized Interest Credit</u>
Total: equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Paragraph No.:

1. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax the Backup Special Tax, and the Supplemental Special Tax for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Undeveloped Property for which building permits have already been issued, compute the Assigned Special Tax, the Backup Special Tax, and the Supplemental Special Tax for the Assessor's Parcel to be prepaid as though it were already designated as Developed Property;
2. (a) Divide the Assigned Special Tax plus the Supplemental Special Tax computed pursuant to paragraph 1 for such Assessor's Parcel, by the estimated Assigned Special Taxes plus Supplemental Special Taxes for the entire CFD No. 98-1 based on the Developed Property Assigned Special Taxes and Supplemental Special Taxes which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 98-1, excluding any Assessor's Parcels which have been prepaid; and

(b) Divide the Backup Special Tax computed pursuant to paragraph 1 for such Assessor's Parcel by the Maximum Special Taxes for the entire CFD No. 98-1 based on the Developed Property Maximum Special Taxes which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 98-1, excluding any Assessor's Parcels which have been prepaid.
3. Multiply the larger quotient computed pursuant to paragraph 2(a) or 2(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "*Bond Redemption Amount*").
4. Multiply the Bond Redemption Amount computed pursuant to paragraph 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the "*Redemption Premium*").

5. Compute the amount needed to pay interest on the Bond Redemption Amount to be redeemed from the first bond interest and/or principal payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
6. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
7. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
8. Compute the minimum amount the CFD Administrator expects to derive from the reinvestment of the Prepayment Amount less the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
9. Add the amounts computed pursuant to paragraphs 5 and 7 and subtract the amount computed pursuant to paragraph 8.
10. Compute the net present value of the amount computed pursuant to paragraph 9, using as a discount rate the rate of return assumed by the CFD Administrator in paragraph 8 (the "*Defeasance Amount*").
11. The administrative fees and expenses of CFD No. 98-1 are as calculated by the CFD Administrator and include the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
12. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Indenture) on the prepayment date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Reserve Fund Credit*"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
13. If any capitalized interest for the Outstanding Bonds will not have been expended as of the first bond interest and/or principal payment date following the current Fiscal Year, a capitalized interest credit shall be calculated as a reduction in the capitalized interest fund, for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Capitalized Interest Credit*").
14. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 3, 4, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the "*Prepayment Amount*").

From the Prepayment Amount, the amounts computed pursuant to paragraphs 3, 4, 10, 12 and 13 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 98-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of CFD No. 98-1 Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to be used with the next prepayment of Outstanding Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 7 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid in full in accordance with this Section I.1., the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax (including any Backup Special Tax) shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Maximum Special Taxes that may be levied on Taxable Property within CFD No. 98-1 both prior to and after the proposed prepayment is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel of Developed Property and an Assessor's Parcel of Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section J.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = P_E \times F.$$

These terms have the following meaning:

PP = the partial prepayment

P_E = the Prepayment Amount calculated according to Section J

F = the percentage by which the owner of the Assessor's Parcel(s) is partially prepaying the Special Tax.

A partial prepayment of Special Taxes shall be permitted only if all Assessor's Parcels within a Final Subdivision Map are prepaid uniformly. A prospective seller of the Assessor's Parcels within a Final Subdivision Map shall notify the CFD Administrator at least ninety (90) days prior to close of the first escrow for a dwelling unit within that Final Subdivision Map of (i) such prospective seller's intent to partially prepay the Special Tax on all of the Assessor's Parcels within the Final Subdivision Map, (ii) the percentage by which the Special Tax shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent. The prepayment shall be collected no later than the close of escrow of each Assessor's Parcel. The owner shall provide instructions to the escrow agent and the CFD Administrator, which instructions shall direct the escrow agent to collect the partial

prepayment of the Special Taxes as calculated pursuant to this Section J.2 and to remit this amount to CFD No. 98-1, unless such amount has been partially prepaid by such owner prior to the close of such escrow. The CFD Administrator shall provide the owner and the escrow agent with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within thirty (30) working days of notice of the pending close of an escrow of the first residential dwelling unit in the Final Subdivision Map. The CFD Administrator may charge a reasonable fee for providing this figure.

With respect to any Assessor's Parcel that is partially prepaid, the School District shall (i) distribute the funds remitted to it according to the Indenture, and (ii) indicate in the records of CFD No. 98-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section F.

K. TERM OF SPECIAL TAX

The Special Tax shall be levied for a period not to exceed fifty years commencing with Fiscal Year 2000-01.
