Upper Grade Students Interview for Jobs

6th through 8th graders participated in company interviews for each of their classroom companies. Martin, Carolyn, Denise, Dan, and many other parents participated as interviewers for this project. Each student created a resume, cover letter, and filled out a job application for this event.

Thank you to everyone who helped support this activity!

First Upper Grade Sports outing of the year!

Upper grades went to Riverside Park for their first Sports outing of the year.

We got rained out but that didn't affect the overall fun!

Back at school PE felt light and playful and connected after our epic morning attempt to play at the park.

I'm glad we went ahead with our plans even though the weather was less than ideal. It gave us a chance to bond together and huddle up for support!

A National Storyteller Visited the OC

Kim Weitcamp, a national storyteller, visited our school Wednesday. She gave 2 assemblies and a workshop with our 8th graders. She had every kid on the edge of her seat and singing along to her songs. This opportunity was brought to our school through the Timpanogos Storytelling Festival outreach program. Her website is kimweitcamp.com.
