

CONTRACT #2042-09/06/18

Hauling & Disposal of Stockpiled Leaves at Various Locations in Vernon

Questions & Answers

- Where are the 3 locations that the leaves would be hauled from?

1) City Lot behind the Nye Street Firehouse; 2) Birch Street; 3) Legion Field off Legion Drive

- What is the contract length on this project? Is it a 1 time project or for multiple years? What are the dates you'd want them hauled or planning on them being hauled?

One year contract; hauling starts approximately November 1, finishes in January, may be some cleanup in spring.

- How many yards of leaves would this project initially be roughly?

Varies - 15,000-20,000 yards

- I know the project is for hauling and disposal of leaves but I'm curious what state they are in like are they grounded up or whole? have they been sitting and if so how long?

The leaves are vacuumed from the right of way. Condition depends on how the residents put them out. May have been sitting for up to a few weeks.

- Who is the current contractor or previous contractor you guys used and what was the rates that were being charged?

Previous – Harvest New England, LLC, 100 yard truck, 2.74/yard for hauling and disposal
