FROM THE SUPERINTENDENT'S DESK
Tom Boasberg

When I meet with SAS alumni, one of the programs most fondly remembered is Interim Semester. I love hearing our alumni speak about the life-changing experiences gained through this off-campus learning opportunity. Due to COVID-19, this year we held an on-island Interim Semester that centered around the United Nations Sustainable Development Goals and how Singapore is working to achieve success in these areas. I invite you to read this letter I shared with our community at the close of Interim Semester. Read More

Can You Offer Alumni an Internship This Summer?

Internships may be focused on a project that lasts a few weeks or a work experience that lasts several months. Alumni and parents who offer internships may create an internship for our alumni or they may offer an internship that is part of an established program at their company or organization. Internships can be virtual or in-person, paid or unpaid. You determine the parameters. We will advertise your opportunity to SAS alumni and send the applications to you.

Please consider supporting SAS alumni by providing them an opportunity to apply for an internship or work experience with you or for your company. Your organization will benefit from the opportunity to draw upon the skill and talent of our alumni.

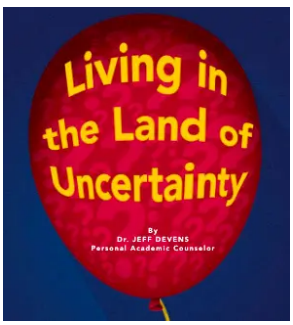

Learn more about the SAS Internship Program or submit your internship opportunity here. Questions? Reach out to Beth Toole, Associate Director of Alumni Relations.

Share Your Advice and Good Wishes with Our Seniors

As we prepare for our senior class to graduate in May, we would like to share messages of good wishes from alumni. This has been another year of missed traditions for our seniors, so we want to lift them up and show them what a supportive alumni community we have. Please consider recording a short video message on your phone for us to share with them. Here is more information. We are eager to have representation from alumni from all decades!
