Leave Your Mark on the Arts **Theatre Seat Sponsorship**

Music gives me hope. It gives me hope for a brighter future, and a different path in my life. One with thorns, but in the end all the sweeter. One where I can be free, and where I can repay all those who gave me their gift of music so I can give others the gift of music.

Drama. Music. Visual Arts.

Imagine building a world where the next generation has a beautiful appreciation of the arts. When we enrich the minds of the next generation, we change the world. West Island College strives to cultivate a creative spirit in our Fine Arts students. Through exposure to the arts, our students learn self-expression, motivation, cooperation, and confidence necessary for self-esteem and success in post-secondary studies and life.

Naming a seat in our theatre not only supports the arts but supports every student's future.

Leaving your mark in this place of learning and inspiration is the greatest gift you can give the next generation of artists, poets, leaders, and world-changers. Because performance is about more than the building it is housed in or the words spoken. It is about opening up the hearts and minds of the young people who will run our country and change the world.

Be a part of the change we wish to see in the world.

Backing the arts has never been more important. Your donation will speak to the generations to come about your family's support. Your generosity will help to fund the fine arts equipment and resources required for our students to flourish.

Engaging in the Fine Arts is holding space for exploration, empathy, imagination, creative problem solving and fostering self-confidence through connections with self, others and the essence of what it means to be human.
