MATHEMATICS PATHWAYS - YEARS 7 to 12

This is the Pathway for students who require a strong mathematical background for what they intend to study at University

Approx. Lower School Numbers

5 10 15 20 25 30 35 40 45 50 55 60 65 70 75 80 85 90 95 100 105 110 115 120 125 130 135 140

YEAR 7	YEAR 8	YEAR 9	YEAR 10	SEM 1 Grade	YEAR 11 UNITS 1 & 2	YEAR 12 UNITS 3 & 4
COURSE A Groups 1-4	COURSE A Groups 1-3	09 Specialist	10 Specialist	A	Specialist & Methods	Specialist & Methods
		09 Methods	10 Methods	B-C	Methods	Methods
				A		
				B-C		
				Low C		
				D,E		
COURSE B Groups 5,6	COURSE B Groups 4,5	09 Applications	10 Applications	A-C	Applications	Applications
				Low C	Essentials	Essentials
				D-E		
COURSE M Semester 2	COURSE M Group 6	09 Essentials	10 Essentials	A-C	Foundations or NO Mathematics	Foundations or NO Mathematics
				D-E		

Specialist Mathematics cannot be taken on its own. Must be together with Methods.

*Dotted lines imply that there is a reduced probability of successfully completing the indicated course.

ATAR

NON-ATAR

Foundations not available at ASC

This Pathway still allows students to sit the WACE Exams at the end of Year 12 which will result in an ATAR for University entry if required.

Note 1: All students in Years 7 & 8 cover the Australian Curriculum courses.
Note 2: All Course A (& Specialist) students also do some enrichment/extension work for most concepts.
Note 3: Students doing Applications, Methods and Specialist in Years 9 & 10 are on ATAR Pathways.
Note 4: Students doing Essentials in Years 9 & 10 are on a General (non-ATAR) Pathway.
