3RD GRADE - HR# 124

Giuliana is the epitome of an outstanding student. She has high expectations for herself and her academic performance. She is always completing her work to the best of her ability. She even critiques her work using rubrics or exemplars to ensure she has followed the directives given. Whenever offered an academic challenge, she is always the first to try it, accept feedback, and try again. She also sets high goals for herself and she works very hard to achieve those goals. She strives academic excellence.

Not only does Giuliana do things right, but she is always doing the right thing. She treats everyone with respect, is an amazing listener, and is always encouraging others. Giuliana is one of our Breakout Room Leaders and I have seen her compassion, patience, and willingness to help others in action. Her classmates are lucky to have her support.

Being in the Remote setting, I have also seen how Giuliana interacts with her family. She is always helping and sharing with her siblings. She has also shown so much responsibility with training and helping take care of her new puppy! Giuliana has shown D99 excellence in and out of the classroom and I am honored to nominate her for our Outstanding Student Award.

Isabella is an excellent student. She goes above and beyond in everything she does. Isabella is currently a member of the student council at Lincoln. She is also invited to become a member of NEHS at Lincoln. Isabella comes to class every day with a positive attitude, a smile, and she is ready to learn. The 6th grade team of teachers feel so lucky to have had the chance to work with Isabella, and we look forward to hearing of her wonderful achievements in the future.

In math class Isabella goes above and beyond by not only completing her assignments but helping ensure her classmates also understand. She scores high on assessments because of the hard work she constantly puts in. She is always willing to share her screen or verbally explain her answers and does so in a way that helps the problem make sense to her peers. She has been incredibly helpful this year to both students and teachers, even with the confusion of switching homeroom teachers multiple times. She is a rockstar!
