ONLINE SUMMER SCHOOL | ENGLISH FOR INTERNATIONAL EDUCATION

## Overview

It is undeniable that attending a UK or International School where English is the main language of instruction can be a challenging experience for students whose first language is not English. Our intensive *English for International Education* course aims to assist students aged between 11-13 in adapting to their new linguistic setting. Equipping them with the necessary English skills and cultural know-how they will need at their new school, students will complete this course feeling more confident and prepared.
