DRIVER'S ED

We will be offering a condensed Driver's Ed class at SLCSE later this fall. The class is generally taught over a two week period after school, but also includes two Saturday morning classes on the West High Driving Range and four sessions of driving with the instructor. **In order to take the class, your student must have their Driver's Permit.**

Students learn to drive by practicing and will get most of their practice in the car with you. The sooner they can get their permit and start driving, the better. Driver's Ed is a supplement and is not intended to be the sole source of teaching your student to drive.

The fee for the class is \$120, but if your student is on fee waiver, there is no cost.

Here is a link to everything you need to know about getting a Driver's Permit: <https://dld.utah.gov/licensingid-cards/learner-permit/>
You need to check this out ahead of time in order to know what documentation to bring to the DMV. There are very specific documents you need to bring, so read carefully.

Here's a link to the Utah DMV 2016 Handbook (digital) and free Utah Permit Practice Tests: <http://driving-tests.org/utah/ut-dmv-drivers-handbook-manual/>

I recommend you take practice tests online until you are passing on a regular basis before you go take the test. The test is \$15, which covers taking it twice (if you fail the first time).

If you want to schedule an appointment to take the Permit Test, here is a link to do that (this is HIGHLY RECOMMENDED so you don't waste a lot of time sitting around waiting for an appointment) <https://secure.utah.gov/dlscheduler/scheduler/index.iii?null>

If you think your student would like to take Driver's Ed later this fall, please let me know. I'll add their name to a list and then when it gets closer, I'll know who to specifically contact about the class. In addition, please contact Rachel Fletcher if you have any questions.

GOSHUTES TRIP WITH HAWKWATCH INTERNATIONAL

SLCSE has had a long standing partnership with HawkWatch International, a non-profit organization that works to conserve our environment through education, long-term monitoring, scientific research on raptors as indicators of ecosystem health. Every year, students hike the Goshute mountains to work alongside scientists as they trap raptors and collect data. This year 11th graders were invited to participate in this amazing experience. Back in the classroom, students engage with these rich data sets for statistical analyses.

JUNIORS & SENIORS

- **The Daniels Fund Scholarship** opens October 1
- The High School University Program application is due November 1 if you want to enroll for a University of Utah class Spring semester. More information about the program can be found here <https://admissions.utah.edu/apply/hsup/>

SENIOR CLASS @ THE UNIVERSITY OF UTAH

SOCIAL ACTIVISM ASSOCIATION IS SEEKING DONATIONS

Every Wednesday a group of students meet after school to engage in service learning activities. On Monday October 9 they are preparing dinner for approximately 50 families at the Ronald McDonald House. They are in need of the following food items:

- 17 lb taco meat
- 15 taco flavoring packets
- 10 cans of charro beans
- 3 bags of tortillas (70 count)
- 3 heads of lettuce
- 5 bunches of cilantro
- 5 onions
- 4 lb block of cheese
- 8 boxes Spanish rice
- 3 tubs of salsa
- 3 tubs of sour cream
- 3 tubs of guacamole
- 2 boxes of egg
- 24 oz veggie oil

If you are able to help please drop off food items on Friday October 4 which will allow us time to pick up any remaining items before Monday.
