

## Summer Reading Assignment

Dear Future Second Grade Parents,

There is a strong correlation between reading regularly or pleasure and academic success, including building vocabulary, an understanding of sentence structure, and an increase in stamina for reading harder texts. It is also clear that the more you read, the better you write.

So this summer, Don't Stop Reading! We are asking that your child complete as many as possible on this Summer Reading Bingo game board. When returning for the new school year, please bring the attached game board and form. Also, your child will need to be ready to take an AR test on one of the books they chose to read. I would suggest that your child choose one of the last books they read to be the one that they take an AR on. This also help them more easily recall the story's events.

Thank you,  
Second Grade Team
