

COACHING COURSE OPTIONS – INFORMATION SHEET

There are two options available for high school coaches in New York State for required coaching coursework. These alternatives apply to both certified teacher coaches and non-teacher coaches. Information on course options is provided below along with timeline for completion.

Non-Teacher Coaches: Verification of completed coursework should be provided to the Regional Certification Office for evaluation purposes and to the district Athletic Director.

Certified Teacher Coaches: Verification of coursework should be provided to Athletic Directors of any school that the certified teacher coaches with. It is the responsibility of the teacher to maintain a copy and provide verification to any school district that he/she plans to coach with. **NOTE:** Verification is NOT sent to the Regional Certification Office since no evaluation is required for a certified teacher coach.

COACHING COURSE OPTION 1	
<ul style="list-style-type: none"> Under Option 1 coursework can be completed in a classroom setting and/or online through a State-approved agency.
