Parent Compact

Salt Lake City School District has worked with SCC chairs in the past to develop a new template for the parent compact. Parents worked together to look at the current parent compact items and revise as well as contribute new content for the 2019-2020 school year.

Six questions were posted on the wall and members of SCC spent time contributing answers to the questions.

- What do you think students need to do to be successful in school?
- What do you think students can do to make connections between learning at school and home?
- What do you think teachers can do to help students succeed at school?
- What do you think teachers can do to strengthen the connection between school and home?
- What can SLCSE teachers, counselors, administrators, and staff do to improve family engagement?
- How can families support students in achieving academic success?

If anyone has ideas to contribute they are welcome to email them to Britnie.powell@slcschools.org A draft of the new compact will be put together for next SCC.
