Answer the questions in your own words, and do the work on your own. Do not consult another person or any electronic translator service, online or computer-based. If you use a dictionary, please indicate which one you used. If you quote from the text, be sure to quote sparingly, quoting just several words or a short phrase to illustrate your point. Be sure to use quotation marks and cite the page number in parentheses directly after the quotation.

It is expected that students' summer work reflect their individual efforts in accordance with the school's academic integrity policy.
