

End of the Year Information

The end of the year is fastly approaching. The 2020-2021 school year has been great!

Here is some helpful EOY school information.

Our updated school supply list can be found on our website under the Our School tab.

This year there will be no in person awards or EOY ceremonies. However, individual teachers may have something planned for their students only. For more information on distribution of awards please contact the front office or your child's teacher.

Lastly, we have created a virtual yearbook and will be sending this to you via Google docs please look for an invitation from your child's teacher.

We hope each and everyone of you have a happy and safe summer!
