Why was remote, synchronous learning scheduled for afternoons? The logistics of transportation and food services require that in-person learning be scheduled in the morning.

Is there a possibility for SLCSE to maintain the current schedule through the remainder of the school year? Britnie will explore this possibility. If we did this, are families who aren't represented on SCC getting what they need?

What is the academic failure rate of SLCSE students? There was discussion around the nature of the media implications of remote learning resulting in excessive failure. There has been minimal coverage of information regarding failure rates of other districts and the impact of the inconsistency of switching from in-person to remote due to COVID cases. There has also been a lack of coverage regarding the assets students are gaining during this time: a hugely reduced digital gap (increased internet and device access), increased technology skills, use of Canvas, ability to communicate, etc.

Open House

Issues of Interest

- Yearbook plan- we have a teacher who is supervising, paraprofessionals dedicated to supporting it. Still working on specific picture gathering plans. If you all have ideas, maybe you've seen things that you think could work, we'd be happy to hear.

It was suggested that we encourage parents and students to submit pictures for the yearbook. There could be grade level themed photos (Cats of SLCSE).

- SLCSE Mascot was discussed. Ashley will work with interested students to come up with a plan for identifying a mascot for SLCSE. This will be a student driven project.

Updates from Admin/Upcoming Events
