Thank you- Britnie

Our teachers and staff are grateful to have a supportive parent community. We appreciated your generosity and thoughtfulness in providing meals to teachers for conferences through gift cards.

Board Check-in- Michelle Tuitupou

Shared district re-opening plan that is being discussed (start with younger grades because research shows a lower transmission rate). Michelle also shared about a student driven initiative- Diversifying Our Narrative. The initiative asks SLCS D's school board to expand their curriculum with diverse and anti-racist texts and BIPOC authors. SLCSE has been diversifying their literature selections and curriculum in order to expand the narrative for many years.

Parents enjoyed conferences this way- no stress of waiting in lines, bouncing between lines, or feeling like they have to watch lines. There needs to be more time though to allow for conferences to run over at times. (7 min per conference rather than 5). They felt that teachers were well prepared and there was good flow. It could be good to spread

#### School Fees 2021-2022- Britnie

SCC reviewed school fees.

#### Safe Technology and Digital Citizenship Requirements-Britnie

Parents reviewed Digital Safety document. Biggest threat feedback- Cyber bullying and social media were discussed. Objectifying people was brought up. Parents felt objectifying people was an umbrella for cyber bullying and pornography. Parents advocated that students be encouraged to engage in family technology detox time and that this might be a good topic for Academy.

Parents are also interested in resources around filters for home technology.

#### Issues of Interest- Jill

Parents are interested in a plan for obtaining yearbook content during such a unique year.
