Examine numbers for achievement gap goal so that percentages reflect a reasonable and impactful number of students.

Issues of Interest

- Michelle Tuitupou
 - Parents gave input/feedback on current district plan. -If we go back, please do not have ½ students live in class and the other ½ watching through Zoom. -Parents request criteria of what puts a student on quarantine, a classroom, and a school closure. - Advocated to do what we can to keep the playing field equal if we return. Suggestions for now- is there a check-in structure for less motivated students? Could the school facilitate the set up of peer partnerships/accountability partners? Could we utilize older student mentors for younger students? Could we require some students to access provided teacher support?
- Other items?

Updates from Admin/Upcoming Events
