

Early College High School Designation Renewal Application Assurances

The Early College High School designation renewal application must be signed by officials from both the school district and the institution of higher education (IHE). The signatures must be from individuals who are authorized by their local boards to bind the applicant organizations in a legally binding contractual agreement.

By signing the designation renewal application, the district assures that it will:

- Meet all the required designed elements as outlined in the ECHS Blueprint
- Work with the TEA assigned technical assistance provider during the school year to develop a plan to meet the outcomes-based measures

The authorized official should review the designation renewal application thoroughly prior to signing the application.

Enter the requested contact information below for the officials.
