Please note: Scheduling needs for each school year are determined by the data collected from these course selection sheets. Choosing a course here does not guarantee placement into a class. Current year's attendance will be reviewed. Placement into AP/Honors classes may be preempted by final grades. Placement into Honors or AP may be challenged starting June 1st. In order to maintain scheduling continuity, parents and students must understand that students make a yearlong commitment to their selected courses. Course changes may not be granted. The master schedule is subject to change each year based on student enrollment, course enrollment, staffing allocations and administration discretion. See Ms. Huynh in the College and Career Center for off-campus ROP course and enrollment.
