INSTRUCTIONS

In the tunnel....

BE QUIET!

1. Everything will echo, and it gets noisy fast. Use hushed tones. Listen to the faculty members.
2. You will receive your diploma cover in the tunnel before you take a picture.

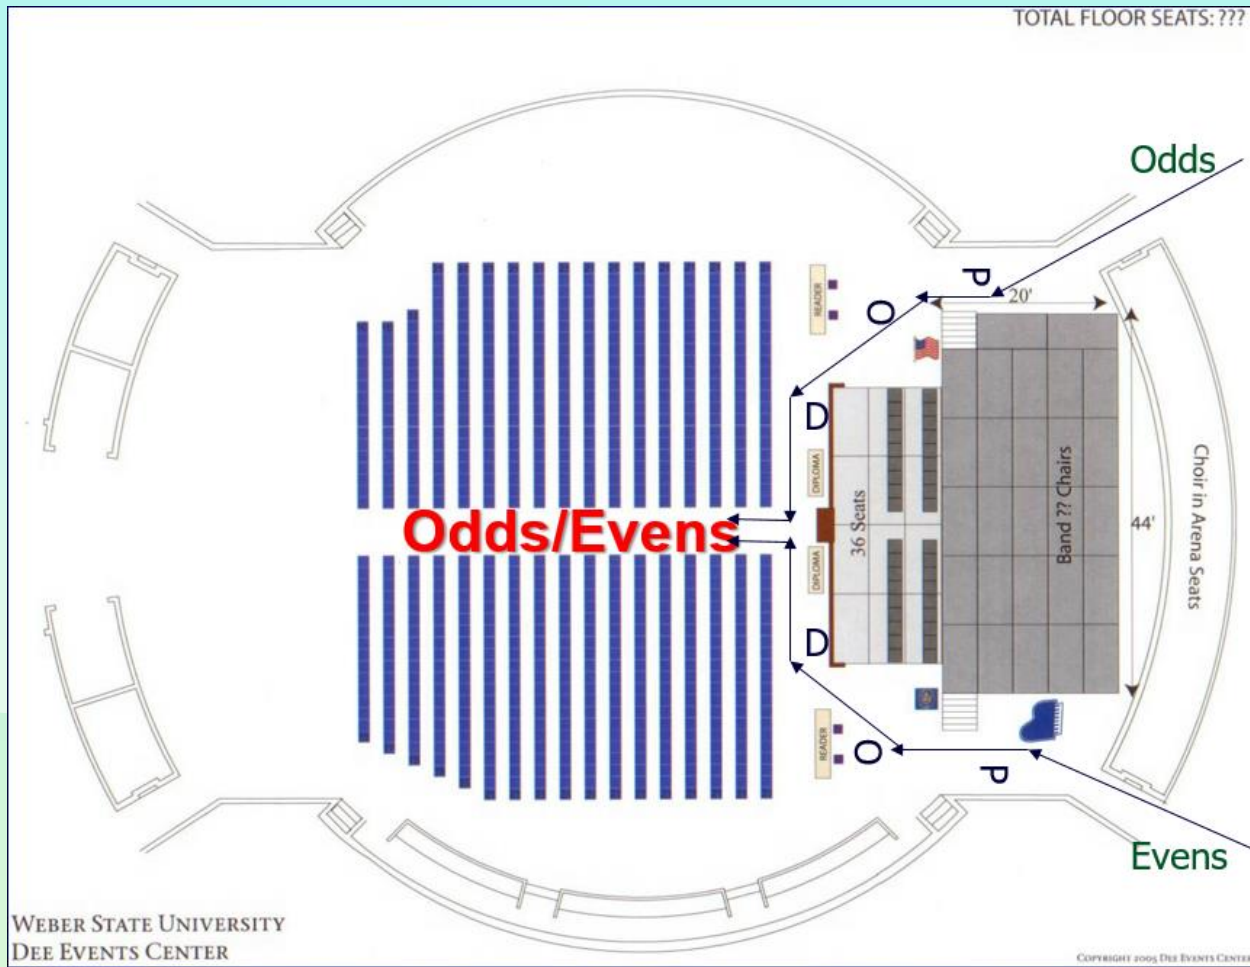

INSTRUCTIONS

- With your cap and gown, you received a card that has your name and numerical order on it. Please DO NOT LOSE THIS CARD! It will serve three purposes:
 1. Help you get in order outside of the tunnel
 2. It will be used by the photographer just before your name is read aloud.
 3. It is the name that will be read aloud when you are announced

NAME READING

- You will be handed a diploma cover before your name is said, to have your official picture taken with it. When you get to the officer, give them your name card and quietly say your name to them so they will pronounce it correctly. Even if you know the officer, still tell them your name! You may need to repeat your name for them because they will be nervous and they want to get it right!
- We want everyone to have their graduation “moment” so walk directly to the people handing out diplomas, give an elbow bump or thumbs up, say thank you, and take a seat again per the directions of the faculty. You won’t be in the same seat!
