### Course Description

The Directed Studies course is set up especially for students on an Individual Education Plan. In the classroom students will access curriculum on their individual instructional level and receive one on one time with their Special Educator. Students will receive small group instruction where they will review and enforce concepts learned in other core classes.

### Course Goals and Objectives

- Develop appropriate social behaviors and skills
- Develop academic skills to improve processing, critical thinking, reading and math skills
- Develop and maintain organizational and time management skills

### Course Materials

- School Planner (will be checked)
- Backpacks/Binders (will be checked)
- Toolboxes for main core classes (Math, LA, Science toolboxes should always be available)
- ALWAYS BRING YOUR LA. READING BOOK TO CLASS

### Format and Procedures

- 1-1 Instruction
- Small group Instruction
- One on One goal setting
- Group learning projects
- Skill Streaming

### Course Expectations

- Working hard and Participating
- Asking Questions
- Being Prepared (on time and on task)
- Making sure everyone feels included
- Making the classroom / online connection a safe environment
- Actively engaging in learning
- Having a positive attitude
- Daily connection , check-in

### Grading Procedures

Grades will be determined:

- In-class assignments/ projects turned in
- Participation/ Effort
- Organization
