

APPLE GENIUS CERTIFICATION

After working in the TWCA Technology Department, learning how to operate, update, and fix Apple devices of all kinds, ten students became Apple Certified Macintosh Technicians. Certification requires passing a timed, 75 question exam that covers safety, customer service, troubleshooting and more. Additionally, the students were required to complete and pass a series of modules and tests on the tools and repair steps for all Apple devices. The students below are now qualified to perform repairs on students' and teachers' Apple devices, as well as work in the Apple Store if they so choose.

SEBASTIAN BRYNGELSON
ANDREW LEAHY
ASHLEY DARILEK
REAGAN GOLSBY
MAXIM OLIVIER

ROCK THE VOTE

Just before the November elections, Mrs. Rowe took a group of TWCA seniors to the South County Community Center to learn about candidates and get prepared to cast their vote for the first time.

"After 18 years, I am able to stand up for my morals, values, and what I've learned, and express it in the public sphere."

- ABIGAIL ARMOR

WORLD SCHOLARS

A select group of high school students participated in the World Scholar's Cup Tournament of Champions at Yale University. The team qualified at the Global Round of the competition, held in the Netherlands months before the tournament. Competing against students representing schools from around the globe, TWCA fared extremely well earning medals in several categories.
