INSURANCE PROGRAM

Student insurance will be made available under the following guidelines:

Student Accident Insurance will be offered to all students on a voluntary basis with the entire cost to be borne by the parent. Once the student insurance has been selected and implemented, it becomes a matter between the student (or parent) and the insurance company. The school participates only to the extent of filling out and turning over to the student (or parent) that portion of the claim form necessary to certify the time, location, and circumstance of the accident and to identify the student as a participant in the student insurance program.

Details concerning the insurance plan can be obtained from the Business Office at the Board of Education Offices. Insurance offerings are subject to change annually.
