

DWIGHT SCHOOL SEOUL SUMMER ACADEMY

Summer is for Trying.

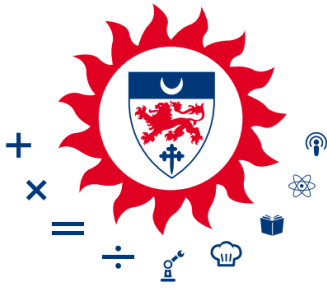

We are very excited to invite you to register for the Dwight School Seoul Summer Academy 2021, for students in Grade 6, 7, and 8. This session will run from June 28th to July 9th. Our team of experienced educators has worked hard to prepare a program that is student-centered, engaging, and most importantly FUN! This year's program will include the following;

MYP STEMist!: Have you ever wondered how a ship made of steel can float? If you drop a steel bolt in a bucket of water, the bolt quickly sinks to the bottom. Then how can a steel ship float? Have you ever imagined you could design your own insulating device (thermos)? What sounds impossible actually is not! In this program, STEM (Science, Technology, Engineering, and Math) will open the door for young STEMist to a variety of hands-on STEM activities that apply to the world around us. Our MYP STEMist will explore their learning to develop important life skills such as creativity, critical thinking, problem-solving, and teamwork. The young learners will also explore the science of cooking, using their science and math skills to experiment with food. A great way to be a creator, thinker, innovator, and inventor!

Rock Band: Get ready to Rock and Roll. In this program, you will pick and learn a song to practice and perform with your fellow band members. You will be able to choose the instrument you would like to play in the band, and your proficiency level does not matter. Everybody is welcome to **Rock!**

Film Club: Although we often see books turned into box office hits and Hollywood Movies, how about we see a film turned into a graphic novel for once! This exciting program will study the storyline, issues, characters, main ideas, and scenes of a film and consider how it can be adapted and created into each student's own graphic novel!

Korean C.A.M.P (cooking, art, music, performance): This cultural, colourful, and tasty, C.A.M.P program is designed for students in grades 6, 7, and 8 to develop their Korean skills through creative thought, imagination, self-expression, and art. Students will learn valuable 'real world' Korean skills, through fun, cooperative, and totally hands-on activities. This exciting and creative program will inspire learners to experiment with and expand their Korean language through a variety of Korean cultural experiences. Exploring the world through their five senses creates the perfect opportunity for students to learn everyday Korean through our C.A.M.P!

DWIGHT SCHOOL SEOUL SUMMER ACADEMY

Summer is for Trying.

FEE SCHEDULE:

Dwight School Seoul students are eligible for registration in the Dwight Summer Academy. Each Grade level Program requires a minimum of 7 students to operate. Additional sections of the program will open based on the number of registrations.
