

# DWIGHT SCHOOL SEOUL SUMMER ACADEMY

---

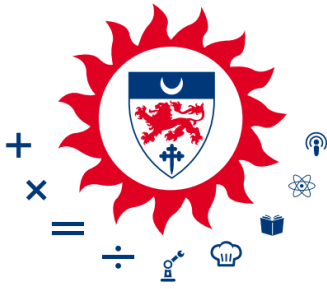

*Summer is for Trying.*

We are very excited to invite you to register for the Dwight School Seoul Summer Academy 2021, for ECD students. This session will run from June 14th to June 25. Our team of experienced Early Years educators has worked hard to prepare a program that is rich in child-centered and exciting! These engaging activities are embedded in play and inquiry, and most importantly are FUN!. This year's program will include the following;

**Little Scientists:** In this program, our Little Scientists will explore their learning to solve problems and complete a range of science experiments, while learning how to answer the question "Why?". The learners will also explore the science of cooking, using their math skills to experiment with food. We will work together to create a cookbook of all our yummy recipes, as a final project.

**Zen Den:** Through kid's yoga, sensory play, and storytelling, learners will explore and develop an understanding of mindfulness. This program is designed for our ECD friends to get in touch with their feelings and emotions and to better understand what they feel, and why they feel it. It is an exciting way for us to play and practice mindfulness.

**Korean C.A.M.P (cooking, art, music, performance):** Playful, colourful, tasty, and totally hands-on, the C.A.M.P program is designed for our ECD students to develop their Korean skills through creative thought, imagination, self-expression, and art. Children will learn valuable 'real world' Korean skills, through fun and cooperative activities. This exciting and creative program will inspire learners to experiment with and expand their Korean language. Exploring the world through their five senses creates the perfect opportunity for students to learn everyday Korean through our C.A.M.P !
