

DWIGHT SCHOOL SEOUL SUMMER ACADEMY

Summer is for Trying.

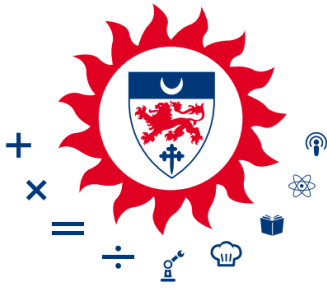

We are very excited to invite you to register for the Dwight School Seoul Summer Academy 2021, for students in Grades 4, and 5. This session will run from June 14th to June 25. Our team of experienced educators has worked hard to prepare a program that is student-driven, inquiry-based, and most importantly loads of fun! This year's program will include the following;

PYP STEMist!: Have you ever wanted to design your own roller coaster? Have you ever heard that plastic can be made out of milk? What sounds impossible actually is not! In this program, STEM (Science, Technology, Engineering, and Math) will open the door for young STEMist to a variety of hands-on STEM activities that apply to the world around us. Our PYP STEMist will explore their learning to develop important life skills such as creativity, critical thinking, problem-solving, and teamwork. The young learners will also explore the science of cooking, using their science and math skills to experiment with food. A great way to be a creator, thinker, innovator, and inventor!

Math is FUN!: EVERYTHING AROUND YOU IS MATHEMATICS! Keeping math skills boosted in the summer doesn't have to be boring! This course helps students to develop a unique interest and a variety of mathematical skills in a fun, friendly, and engaging atmosphere. The following activities are some of the highlights of what is sure to be an amazing experience that you won't get anywhere else.

- Best action movie director (Speed and travel graphs)
- Rocketman (Angles)
- 007 (Transformation)
- Sherlock Holmes (Maths murder mystery problem)

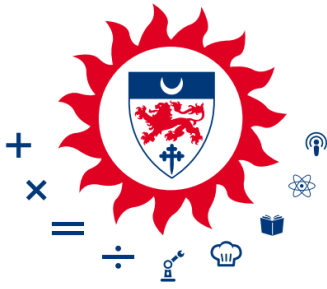

The Print Lab: Get ready to add some color to your summer! This fun program is an introduction to different print methods. The students will complete various print projects from design to final project. We will experiment with different materials, textures, and patterns to foster creative thinking and mental growth. Students will predict, plan, design, and problem solve. Additionally, creating these print projects can help to foster a sense of accomplishment that can boost a child's morale and self-confidence. It gives children a huge sense of achievement and self-worth, as well as helps students to relax, focus, and express their feelings through their creativity....and, it's a lot of fun! Some of the many print projects that we will do include: chalk on water print, botanical prints, spray paint on water print, coffee prints, tie-dye, and more! This will surely be fun for all.

DWIGHT SCHOOL SEOUL SUMMER ACADEMY

Summer is for Trying.

Knead a loaf? (Bread-making): Do you love the smell of freshly baked bread, a crunchy crust, a soft and chewy crumb full of delicious flavour? You'll never want to buy bread again once you learn the secrets of how to make your own. Impress your family and friends with your baking skills. In this course, you'll begin the first week by learning the basics of creating a basic yeast dough which can then be used to bake your own artisan-style bread, pizza bases, and focaccia. In the second week, we'll learn how to develop a starter or 'mother', for making healthy and tasty sour-dough loaves. Try experimenting with different flavours and flours using organic, rye, and wholemeal flour, maybe add some different grains for taste, texture, and health. We'll learn how to form perfect rolls, a braided loaves, and other shapes too. Students will take home their tasty treats to tempt and tantalise their taste buds.
