

CAPITAL FACILITIES PLAN

In order to efficiently manage the district's present and future facilities needs, a Capital Facilities Plan will be developed. The plan will cover a six-year period and will be developed in conjunction with the local comprehensive land use plan or other growth management policies. The Capital Facilities Plan will be reviewed periodically and will include at least the following:

- A cost analysis of financial ability of the district to implement its facilities program;
- Existing and projected enrollment figures;
- An inventory of the district's undeveloped property and developed facilities including an analysis of the number of students in each facility and whether the facility is over- or under-housed;
