

JOIN THE UCF ROBOTICS CLUB

FIRST Tech Challenge (FTC) is a program where middle and high schoolers create robots to compete against other schools (even teams around the world). This is a fun and enjoyable challenge that will broaden your knowledge of STEM and teamwork. No experience is necessary.

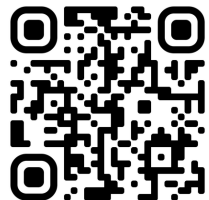

**JOIN OUR INFORMATIONAL ZOOM MEETING
JUNE 12 @ 7:00 PM**

We plan to discuss more about the FIRST program and the teams in the district. Both adults and students interested in joining a team are invited.

Contact us: ftc.robotics.ucfsd@gmail.com
