Summer is an opportunity for students of all ages to enjoy reading in a relaxed and leisurely setting. Summer reading is also a vital way that students keep their skills sharp for the upcoming school year. Maret recommends that students spend at least 20 minutes reading each day during the summer. Students should select books and other reading material that interest and challenge them, and families should consider ways that they can read together or make discussing books a part of their lives over the summer months. We recognize that there is a range of readers at each grade level. If books on this list do not match your child's reading ability, you may choose to read them aloud to your child. Starred* titles are available for checkout online from Maret as e-books or audiobooks through <u>Sora</u>. Use your student's Maret email address and password to log in.
