Subject: 10CR-004 School Community Council
Index: Community Relations – *Parental and Community Involvement in Schools*
Revised: June 2, 2021

1. PURPOSE AND PHILOSOPHY

The Board of Education of Davis School District (Board) recognizes the importance of collaborative decision making in the school community and that a sense of shared ownership is created when the people closest to implementation of the decision are a part of the process. This policy provides standards and procedures for the establishment and operation of school community councils in all Davis School District (District) schools for the purpose of involving parents in decision making at the school level; improving the education of students; prudently expending School LAND Trust Program monies through collaboration; and increase public awareness of school trust lands and related policies.

2. DUTIES OF COMMUNITY COUNCIL

- 2.1. Each school in the District shall elect and utilize a school community council in its building. Each school community council shall:
 - 2.1.1. create the School LAND (Learning And Nurturing Development) Trust Program and LAND Trust plan focusing on the school's identified most critical academic needs in accordance with Utah Code [§53G-7-1206](#) and Utah Administrative Code [R277-477-3](#); and
 - 2.1.2. advise and make recommendations to school and District administrators and the Board regarding:
 - [a] the school and its programs;
 - [b] District programs;
 - [c] a child access routing plan in accordance with Utah Code Ann. §53G-4-402;
 - [d] other issues relating to the community environment for students;
 - 2.1.3. provide for education and awareness on safe technology utilization, digital citizenship, and safety principles at the school; and
 - 2.1.4. partner with the school's principal and other administrators to ensure that adequate on and off campus Internet filtering is installed and consistently configured to prevent viewing of harmful content by students and school personnel, in accordance with the District's digital teaching and learning plan.
- 2.2. School community councils may function in an advisory capacity in other areas as determined by the school's administration or by District policy.
- 2.3. Any plan developed by a subcommittee or task force appointed by the school community council shall be subject to the approval of the council.
- 2.4. A school or District administrator may not prohibit or discourage a school community council from discussing any issue or concern not prohibited by law or offering advice or recommendations regarding the school and a school program, a District program, the curriculum, or the community environment for a student.

3. MEMBERSHIP

- 3.1. Each school community council shall consist of school employee members and parent or guardian members as defined in this policy.
- 3.2. Ideally, each school community council in a high school should have six (6) parent or guardian members and four (4) school employee members, including the principal; junior high schools and elementary schools should have four (4) parent or guardian members and

two (2) school employee members, including the principal.

3.2.1. A school community council may determine the size of the school community council by a majority vote provided that:

[a] the membership includes two or more parent or guardian members than the number of school employee members; and

[b] there are at least two (2) school employee members on the school community council.

3.2.2. The number of parent members of a council who are not educators employed by the District shall exceed the number of parent members who are educators employed by the District.

3.2.3. If, after the election, the number of parent members who are not educators employed by the District does not exceed the number of parents who are educators employed by the District, the parent members shall appoint one or more parent members to the council so the number of parent members who are not educators employed by the District exceeds the number of parent members who are educators employed by the District.

3.3. A school community council may appoint non-voting members to serve on the council (i.e., business or community leaders, students in secondary schools).

3.4. A school community council may appoint individuals who are not council members to serve on a subcommittee or task force, including parents or guardians, school employees, or other community members to:

3.4.1. advise or make recommendations to the council; or

3.4.2. develop all or part of a plan listed in section 2.1 and 2.2 of this policy.

4. ELECTION OF MEMBERSHIP

4.1. Each school shall establish a timeline for election of parent or guardian members of a school community council; the timeline shall remain consistent for at least a four-year period.

4.1.1. The election shall be held in the fall, near the beginning of the school year, or held in the spring prior to the last week of school.

4.1.2. If the election is held in the spring, the school community council shall attempt to notify parents of incoming students about the opportunity to run for council and provide for an opportunity to vote in the election.

4.2. Each school employee member, other than the principal, shall be elected by secret ballot by a majority vote of the school employees and serves a two-year term. The principal shall serve as a council member with full voting privileges.

4.3. Each parent or guardian member shall be elected by secret ballot at an election held at the school by a majority vote of those voting and serves a two-year term.

4.3.1. A parent or guardian of a student who meets the qualifications established by this policy may file or declare the parent's or guardian's candidacy for election to a school community council.

4.3.2. A parent or guardian may vote for the school community council parent members if the parent's child is enrolled at the school; or if the school holds the election in the spring, the parent's child will be enrolled at the school the following school year.

4.4. The school principal or designee shall provide notice of the school community council elections at least ten (10) days before the date that voting commences for the elections held in accordance with this policy.

4.5. The notice of elections shall include:

4.5.1. the dates, times, and location of the elections;

4.5.2. the means by which a ballot may be cast;

4.5.3. a list of council positions that are up for election; and

4.5.4. information for becoming a candidate for a community council position.

- 4.6. The principal, or designee, shall oversee the elections held under this policy. Paper ballots shall be deposited in a secure ballot box. A school may allow parents and staff to vote by electronic ballot. The opportunity to vote by electronic means shall be clearly explained on the school website including:
 - 4.6.1. directions for electronic voting;
 - 4.6.2. security provisions for electronic voting;
 - 4.6.3. statement to parents and community members that violations of a school's voting procedures may disqualify a parent's vote or invalidate an election, or both.
- 4.7. If a position on a school community council remains unfilled after an election is held, members of the council from the group to which that position belongs (i.e., parent or employee) shall appoint an individual who meets the required qualifications. The chair or vice-chair of the school community council shall notify the Board of each appointment made by a local school community council. A member appointed to a school community council pursuant to this policy shall serve a two-year term.
- 4.8. A school need only conduct an election if the school community council position(s) are contested.
- 4.9. Initial terms shall be staggered so that approximately half of the council members stand for election each year.
- 4.10. A school community council member may serve successive terms provided the member continues to meet the definition of a parent or guardian member or school employee member as specified in this policy.
- 4.11. After the school community council is seated each year, the chair shall be elected by the school community council from the parent members and the vice-chair shall be elected by the school community council from the parent or school employee members. A principal may not serve as a vice-chair of council.
