

Austin High School is a comprehensive high school that is focused on preparing students to be college and career ready.

Students have many opportunities in the academic core areas including Advanced Placement and concurrent college classes offered on-site and many authentic learning opportunities.

We are a 1:1 school, meaning all students receive a school-issued device for use in their education. Additionally, a wide range of technology is available to all students, both in the classroom and throughout the building.

Austin High School has a wide variety of student electives in the areas of career and technical education, foreign language, music, and the arts. There is also strong English language learner and special education programming.

We also partner with the Austin Community for many programs, including CEO (Creating Entrepreneurial Opportunities), which allows students to learn from local business leaders as they create their own businesses, the Hormel Foundation Austin Assurance Scholarship, which offers qualifying Austin graduates two years tuition-free at Riverland Community College, and a community work experience program housed in the PAES Lab in downtown Austin.

At **Austin High School**, students are welcomed into a safe and engaging learning environment where there is a continual effort to meet the needs of all students. Students can enrich their academic experience by being active in our many clubs, activities, and athletic programs.

SCHOOL DEMOGRAPHICS (20-21)

- 1308 Students in grades 9-12
- 27.6% Hispanic
- 0.2% American Indian
