

Porter-Gaud Lower School **REVITALIZATION**

The functional design of a classroom and the quality of the furnishings directly impact students' ability to focus and engage with the teacher, their classmates, and the coursework. It's where they grow, learn, and discover. For teachers, the classroom is the backdrop to lesson plans, curriculum, and exploration. Having new state-of-the-art furnishing and technology in our Lower School classrooms will not only enhance the learning experience of our youngest learners but it will also create a greater sense of pride, purpose and respect for the classroom.

THE PROJECT

- + Replace old tables, chairs, desks, cubbies, and technology that have out-lived their useful life
- + Create a more collaborative and engaging environment for all 1st through 4th grade students
- + Add state-of-the-art interactive display panels to all classrooms
- + Renovate spaces with new flooring, ceiling and lights as needed
