Lights, Camera, Learning! Video Modeling Program
Video Viewing Session Outline

Prepare	Prepare the environment for showing the videos. Ensure there is appropriate lighting and that it is a quiet space where the participant can focus on the video.
Introduce	Introduce the session, explain the purpose of session, review expectations of the participant, and give a brief outline of what will happen during the session.
Show	Show video and pause at the end when questions appear on screen.
Discuss	Discuss the questions with the participant.
Practice	Practice the skill. This can be through role playing, practicing with a sibling, or practicing in the community if possible.
Complete	Complete time and progress log.
