
Welcome Back to School

Fourth Grade

South West Park Elementary

Dear Families,

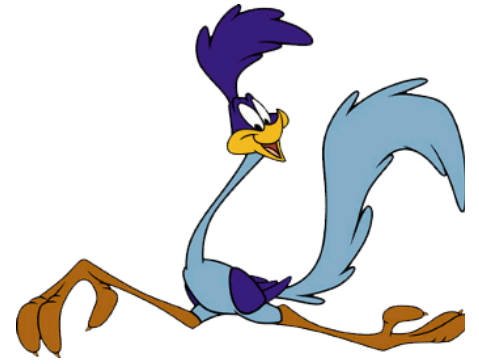

Welcome to the 2021 – 2022 school year. We hope you enjoyed your summer, and found the time to practice multiplication facts and read for fun. It is extremely important that students read and practice their multiplication facts in order to achieve success in fourth grade.

A supply list is available for the 2021-2022 school year. We appreciate your sacrifice in purchasing school supplies to support your student.

We hope to meet you all, especially at Back to School Night in August where we will present information about the school year, academic goals, and expectations. We look forward to working with you this school year.

Dear Students,

We are extremely excited to have you as a fourth grade student. With your effort and enthusiasm, we will have a successful school year. If you would like to start preparing for fourth grade, you should memorized multiplication facts 1 – 12, in order to succeed in math. We encourage you to read every day during the summer: books, magazines, anything that captures your interest. The important thing is to remember what you read about. We look forward to seeing you in August! Remember to have your purple swag ready for spirit Fridays. Go Roadrunners!
