
Welcome Back to School

Fifth Grade

South West Park Elementary

Dear Families,

Welcome to the 2021 – 2022 school year. We hope you enjoyed your summer, and found time to have your child practice multiplication/division facts and read for fun. It is extremely important that your child continues to review and practice this essential skills/facts in order to achieve success in fifth grade.

A supply list is available for the 2021-2022 school year. We appreciate your sacrifice in purchasing school supplies to support your student.

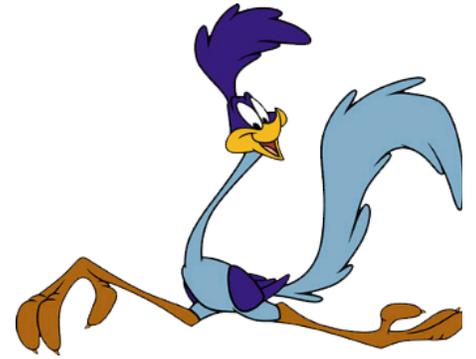

We hope to meet you all, at Back to School Night in August whether in person or virtually. This is where teachers will present information about the school year, academic goals, and expectations. We look forward to working with you this school year in order for your child to have a wonderful academic school year.

Dear Students,

We are extremely excited to have you as a fifth grade student. With your effort and enthusiasm, we will have a successful school year. If you would like to start preparing for fifth grade, you should memorized multiplication facts 1 – 12, in order to succeed in math. We encourage you to read every day during the summer. You can read stories, travel magazines, recipe books, anything that captures your interest. The important thing is to remember what you read. We look forward to seeing you in August! Remember to have your purple swag ready for spirit Fridays. Go Roadrunners!

Thank you!
