

Mrs. Hill~Title I Teacher

My name is Kim Hill and I am the Title I Teacher at Spirit Lake Elementary. I have taught at Spirit Lake Elementary for 15 years, however, I volunteered at SLE and worked as a teaching assistant and Title I Paraprofessional for 5 years before returning to college for my teaching degree at 31 years of age. As a long-term area resident of 41 years and a mother of two who attended Spirit Lake Elementary, I truly value the staff and teachers of our school who make it such an asset to our community. I am excited to help guide and support your child through their reading successes and look forward to working in partnership with you!

As the Title I teacher, I will support students with effective instruction and differentiated reading support based on individual needs, utilize research-based curriculum and best practices, maintain consistent and ongoing communication with classroom teachers about students' reading support

and progress and be available for questions or concerns from parents.

Title I Mission

The Lakeland Title I Staff. . .

Loves students and families and those facing obstacles

Connects staff to support all students

Encourages and builds confidence in our students

Loves teaching and helping students grow as learners

Is intentional in supporting the whole child

Empowers staff, students and families to work together
