

Dear Parents and Carers 8.6.21

Welcome to Term 6!

We hope you have had a relaxing half term break. We look forward to welcoming your children back on Tuesday 8th June.

Please ensure named PE kits are brought in—these can remain on pegs ready for PE twice a week.

As the weather continues to get warmer, please provide a named sun hat daily.

English

We will begin the term by writing recounts of events that took place during the half term break. The children will be writing about their first hand experiences, focusing on writing in first person and in a coherent order. We will then be developing our editing skills, checking for key features of a sentence and use of descriptive language.

Maths

This week we will be transferring our knowledge of addition and subtraction to numbers within 100.

The children will use their understanding of number bonds to support different methods and think about which method is most efficient.

Wider curriculum

Within Evolution of me we will be exploring how we have grown and changed over time. If you are willing to email the office a baby photo or send one in to photocopy, we will use them as part of our learning.

In Science we will be continuing to develop our knowledge of animals and their habitats.

Sounds Write

This week we will learn to spell and build words containing the sound /oo/. There are eight different spellings for /oo/, /oo/ as in bamboo, /ew/ as in brew and /u/ as in super, /ue/ as in Sue, /u-e/ as in rule, /ui/ as in bruise, /ou/ as in coupon and /ough/ as in through.
