For the last four weeks of the academic year, the Darien High School Senior Internship Program offers qualified seniors the opportunity to undertake an internship in lieu of attending classes. The goal is to provide the student with real-world experiences and the chance to learn about subjects not normally covered in the High School's curriculum.

Senior Internship Program is managed by Darien High School.

In 2017 it was required that students register for the internship program site.

www.dhs-sip.org

There are five primary ways this benefited us:

1. Instant access to program forms and documents.
2. Useful reminders and program updates are streamlined through the site.
3. Easy access to the program deadlines.
4. Seamless communication between mentor teacher, site supervisor and intern.
5. Data analysis is enhanced.
