DARIEN PUBLIC SCHOOLS HINDLEY, HOLMES, & ROYLE ELEMENTARY SCHOOL CONCEPTUAL FLOOR PLAN LAYOUTS STUDY

DATE: February 19, 2021

RE: **DRAFT** STUDY UPDATE

INTRODUCTION

Darien Public Schools retained the services of Northeast Collaborative Architects, LLC (NCA) to provide a Feasibility Study for the following:

Initial study scope:

- Removal of portable classrooms at Hindley, Holmes, and Royle Elementary Schools
- Enhance Library facilities to provide a "Learning Commons" a flexible learning environment specific to grade levels, and review and implement elements of the Libraries Re-imagined effort at the following schools:
 - Hindley Elementary School*
 - Holmes Elementary School*
 - Royle Elementary School*
- *This study extract includes only the three elementary schools

Expanded study scope:

- Incorporate developing DRAFT Educational Specifications for comprehensive improvement projects, including results of classroom size and count study.
- Incorporate proposed infrastructure long-range capital improvements at the three elementary schools. These infrastructure long-range capital improvements include major mechanical, electrical, plumbing and technology systems renovations, exterior building enhancements, and various site work. They include both line item improvements from the district's 5-year plan, and some remaining items from the 2016 KG&D Master Plan report.
- Additional review with each school principal
- Options were considered for portable classroom removal at the three elementary schools should also study the implementation of the "Learning Commons" model in a comprehensive and cost-effective manner. These conceptual plans reflect the selected option at each school, considered to be the most comprehensive and cost-effective to accomplish the goals indicated herein.

Major tasks included the following:

- Prepared space-planning options associated with comprehensive portable classroom removal and "Learning Commons" renovations at

each of 3 elementary schools, Hindley, Holmes, and Royle, in the form of conceptual diagrammatic plans. Multiple options were considered for each school, and the plans included reflect the selected option for each school.

- Further develop plans to include space allocations per developing DRAFT Educational Specification for more comprehensive improvement projects, considering the recent new Tokeneke Elementary School and the proposed Ox Ridge Elementary School.
- Analyze and update renovation plans based on the results of the classroom size and count study prepared in late 2020 to achieve more appropriate classroom size and count for each school. This study was based on the most recent Enrollment Projections provided by Milone and MacBroom in 2020.
- Confirm that all program elements are included, checked with Ed Spec and confirmed by each school principal
- Provided an opinion on the benefits and drawbacks of each option, and an opinion on a phased approach to addressing the most urgent needs, in a manner conducive to optimal learning environments.
- Cost Analysis to assist the school district in incorporating potential capital request for FY22 and beyond.

METHODOLOGY AND APPROACH

The initial step for the study involved meetings with various Darien Public Schools Staff to review and understand the issues, goals, and objectives for this study. Additional meetings specific to each school, which included principals, librarians, technology, and a review of the Libraries Re-Imagined effort were arranged during February through April.

NCA also visited each school to review existing conditions, investigate building systems and issues, compare existing plans to actual conditions, and gather an overall understanding of each school's project scope. Delays due to COVID-19 caused a setback to the original schedule. NCA revisited the issues at a meeting in June to consider the comprehensive school needs as expressed by the school principals.

Subsequent to the meetings, NCA engaged in further review of existing documents, developed programming, strategies and design concepts for each school including:

- Thorough review of existing conditions plans
- Determined the architectural and engineering implications of the goals, objectives, and physical space issues and needs
- Prepared Architectural Space Programs and Room-by-Room Data sheets for the specific areas at Hindley, Holmes, and Royle Elementary Schools
- Expanded the detail of the Space programs into an overall Space Relationship (bubble diagram) for the typical Darien Public Schools Library Media Center "Prototype"

- Incorporation of the results of the classroom size and count study prepared in late 2020, which, in conjunction with direct input from the district to establish the overall classroom count required for each school.
- Developed and refined conceptual plans for Hindley, Holmes, and Royle Elementary Schools. Options were developed and selected concepts were developed further.
- This expanded study develops more comprehensive improvement project conceptual floor plans.

DESIGN CONCEPT SUMMARY

Hindley, Holmes, and Royle Elementary Schools

The Major Comprehensive Needs at all three schools have been identified as follows:

- Eliminate Portables
- Consider new or significant renovations to Library spaces
- Provide for adequate classroom count and size, especially at Grades 3 – 5 classrooms
- Infrastructure capital improvements plan (NOTE: the addition of this scope to the prior study has a significant impact on the cost parameters)
- Site work improvements, including enhancements to vehicular circulation with revisions to parking and drives.

General Classroom Counts:

- Hindley: 24
- Holmes: 24
- Royle: 22

Proposed Timeframe:

- Each project's general timeframe:
 - Design: approximately 1 year including town approvals
 - Construction: approximately 2 years including initial phasing, temporary work, demolition and/or abatement activities, advanced procurement of materials, phased renovations, encompassing a 14-month active construction cycle for new additions and certain renovations, beginning in June (end of school year) and completing in August of the following year, then integration of systems, close-out, and commissioning.
 - Each project would have a "3-year" duration, with some variance based on extent of scope and complexity of scale.
- Projects can be phased, either in design and construction, or only in construction, if necessary

Memorandum

DATE: February 5, 2021
TO: Dr. Alan Addley, Superintendent of Schools
FROM: Richard Rudl, Director of Finance & Operations
SUBJECT: FY 21 Financial Report through January

Enclosed please find the attached:

1. FY 21 Financial Report through January 2021.
2. List of accounting adjustments for January 2021 within Broad Categories
3. List of Transfers for BOE consideration and approval.
4. PowerPoint
5. Reopening Expenditures
6. Estimated Revenues from State of CT
7. ESSER Part II Allocation

Highlights of the Financial Report for FY 21:

Fiscal Year 2021 currently projects a year-end deficit of \$(1,020,293). The two primary differences between this forecast and the December forecast of \$(2,092,166) include the State's allocation of ESSER II, which is a reimbursement grant for COVID19 expenditures, which was a part of the last Federal Stimulus package. Darien's award is \$596,805. In addition, we have updated the forecast to reflect a reimbursement rate of 75% of the December 1st Excess Cost filing, which is revenue above budget of \$169,091 and a swing of \$268,551 from the previous forecast. The State of CT issued their Estimated Revenues for Excess Cost, which are still tentative, but reflect additional revenue above budget in the amount of \$452,763 due to a reimbursement rate of 83.54%. However, we are anticipating this reimbursement rate to decline based on the March 1st filing. As such we are conservatively forecasting a 75% reimbursement rate.

RC's	Forecast
General Education RC's	\$152,979
Special Education RC's	\$600,105
Re-opening Expenditures	\$(1,773,377)
Total	\$(1,020,293)

The highlights of that surplus include:

RC1 (DHS):

- Curriculum Supervision currently shows a savings of \$12,702. This savings is in part due to the library supervision stipend of \$4,572 going unfilled this year due to an unpaid leave of absence. In addition, the library supervision release time has a salary savings of \$8,130 due to an unpaid leave of absence with replacement coverage at a lower grade and step. (COVID)
- Student Interns is showing a favorable balance of \$8,875 due to 1 intern position being unfilled due to lack of availability. (COVID and Non COVID Savings).
- Clubs and Councils shows a favorable balance of \$2,200 as the Outdoor Club is not running this year (COVID Savings).
- Science Equipment is \$15 under budget as the purchase of temperature probes came in under budget. (NON COVID)

RC3 (MMS):

- Student Interns is showing a favorable balance of \$16,825 due to 1 intern position being unfilled due to lack of availability. (COVID and Non COVID Savings).

RC8 (Ox Ridge):

- Teacher Aides shows a favorable balance of \$3,002. This is savings due to the timing of the instructional aide hire in fourth grade due to class size and the budget transfer for the new hire. (Non COVID Savings).
- Student Interns shows a favorable balance of \$14,075 due to the lack of available student interns. (Non COVID Savings)
- Safety Patrol remains unfilled due to COVID. This is resulting in anticipated savings of \$1,177. (COVID Savings).

RC9 (Royle):

- Grade 3 teachers shows a favorable balance of \$897 due to salary savings. (Non-COVID savings).
- Student Interns is showing a favorable balance of \$16,825 due to one intern position being unfilled due lack of availability. (COVID and Non COVID Savings).

RC12 (Maintenance):

- Use of Fields revenue has surpassed expectations, as our fields were able to be rented during the summer due to the virtual DSS. This is resulting in the forecast-surpassing budget by \$70,670. (COVID Savings)
- Given our buildings are not being rented out until December 31st we are forecasting a deficit in building rental revenue of \$69,587. (COVID Expense)

RC 13 (Music):

- Clubs and Councils are showing a favorable balance of \$6,356 due to unfilled All Town Elementary Orchestra and Band. (COVID Savings).

RC 15 (Technology):

- Salary savings in the copy center of \$587 due to turnover (Non Covid Savings)

RC16 (Administration):

- Professional Development is forecasted to be \$2,214 under budget due to the cancellation of the DMG Conference (COVID Savings).
- Professional meetings is forecasted to be \$832 under budget due to cancellation of conferences. (COVID Savings)
- Legal Fees is forecasted to be \$25,000 under budget as the first six months of legal fees has trended lower than budget. (Non COVID)
- ADA/504 Support is forecasted to be under budget by \$2,000. (Non COVID)

RC 18 (Personnel):

- Contract support is \$48,046 as the secretaries, paraprofessionals and nurses contracts came in under budget. (Non COVID Savings).

RC19 (Curriculum):

- Program Coordinators is forecasted to be under budget by \$10,774 as we have a vacant program director position. This amount assumes the vacancy remains in place for 5 weeks. (Non-COVID).

RC20 (Finance):

- Auditing Fees shows a favorable balance of \$1,298 as the annual audit came in under budget. (Non-COVID Savings).
- Travel fees show a favorable balance of \$250 as we do not anticipate travel (COVID Savings).

RC 23 (Continuing Education/Summer School)

- Adult Education contracted services shows a favorable balance of \$4,500. This amount is based on the anticipated bill from Stamford Public Schools, which had less participants than anticipated. (Non COVID Savings)

RC 24 (Special Education):

- Special Education Teachers is showing a favorable balance of \$93,485 as we have a teacher who resigned who is being covered by a long-term substitute.
- Speech Therapist is showing a favorable balance of \$92,744 as a Speech Therapist is out on an unpaid leave of absence. This is currently being covered by a contracted speech therapist. There is a transfer for BOE approval to re-allocate these funds to contracted speech.
- Psychologist is showing a favorable balance of \$33,879 as a psychologist is out on leave and is being covered with a consultant service. There is a transfer for BOE approval to re-allocate these funds to consultant services.
- Teacher Aides shows a favorable balance of \$37,456 as a 1:1 para is no longer needed as that student has gone remote. (COVID Savings)

- Consultant services shows a forecasted deficit of \$33,879 as we are using outside services to cover employees out on leave. There is a transfer to cover this cost from salary savings.
- Contracted Speech shows a forecasted deficit of \$92,744 as we are using an outside service to cover employees out on leave. There is a transfer to cover this cost from salary savings.
- Computer Software is forecasted at a deficit of \$12,500 as additional technology and software such as News2You, The Listening Academy and Data Finch has been recommended for students based on the current learning environment (COVID Expense).
- In district, transportation shows a favorable balance of \$33,930, as there have not been 180 school days and we have remote days as well.
- Out of district, transportation shows a favorable balance of \$152,813 as we have some students who remain remote or have returned to district. This is a swing of approximately \$104,000 as we have not been paying on days students are fully remote in out of district locations.
- Tuition Public Schools is forecasted to be a positive \$142,333 due to student placement changes and return to district students.
- Tuition Private Schools is forecasted to be a positive \$58,292 due to student placement changes.
- We have updated the forecast for Excess Cost based on a conservative reimbursement rate of 75% of the December 1st filing. While the State of CT has issued their estimated revenues, which show a reimbursement rate of 83.54% based on the December 1st filing this is anticipated to change once districts submit their March 1st filing. The higher reimbursement rate is a result of state wide claims down in excess of \$15,000,000. At 75% of the December 1st filing we would receive \$2,490,326. At 80% we would receive \$2,656,348 and at 83.4% we would receive \$2,773,998. Based on the uncertainty of the state wide March 1st filing we are forecasting a reimbursement rate of 75% up from the 67.5% previous forecast. Once the reimbursement rate is finalized after the March 1st filing we would update this projection.

RC 25 (Fixed):

- Regular transportation is forecasted with a favorable balance of \$1,851 as we are not running the two MS late buses this year as intramurals and after school activities are being run virtually. Additionally, some ELP runs have been reduced due to lower enrollment. Snow days/Remote Days from 2/1 and 2/2 have saved the district \$3,544 while the makeup day for Tokeneke on 2/12 will cost \$3,780. (COVID & Non COVID Savings)
- Electricity shows a favorable balance of \$42,135 as usage has declined due to remote and hybrid days (COVID Savings).
- Sewer costs are now forecasted to be under budget by \$12,661. Usage was significantly down to the closure of schools. (COVID Savings)
- Property Insurance is forecasted with a positive balance of \$1,180. (Non COVID Savings)

- Health Insurance is forecasted with a negative variance of \$65,000. We have seen a slight uptick in dental claims in the past few months and we have had a few census changes.
- Unemployment is currently forecasted at a deficit of \$18,650. Due to the cancellation of in person ESY and changes to State Unemployment, paraprofessionals who previously taught are eligible to collect unemployment. (COVID and Non COVID)

RC 26 (Early Learning Program)

- Teacher Aides are forecasted to be \$15,000 under budget as lower enrollment has resulted in some positions not being filled.
- ELP Tuition is forecasted at a negative variance of \$89,797. We currently only have 35 ELP students paying tuition against a budget of 48. We know of three parents who unenrolled due to concerns regarding COVID. These three students resulted in a loss of revenue of \$20,550. (COVID and Non COVID Expense).

RC 28 (COVID)

- 7 Classroom Teachers were added due to COVID (1 at Hindley, 2 at Holmes, 2 at Royle, 1 at Tokeneke, 1 at Ox Ridge) totaling \$515,681. To date \$296,986 has been covered through transfers leaving a negative variance of \$218,695. We anticipate ESSER II to cover the balance.
- Part time custodians to assist with cleaning were added due to COVID, which currently forecast a negative variance of \$112,478.
- Custodial overtime to assist with weekend cleaning is forecasted at \$70,787.
- LPNs were added to assist in the isolation rooms due to COVID. This currently shows a negative variance of \$221,872. We are currently not paying on fully remote days at the elementary locations. This has resulted in a reduction in the forecast.
- 4.0 FTE campus monitors were recommended to be added due to COVID however only 3.0 FTE have been hired. This currently shows a negative variance of \$89,693.
- 2.0 FTE technicians were recommended to be added due to COVID. Currently one remains vacant and we have been unable to find a suitable candidate. As such, we are reducing this forecast to the one position that has been filled. This is a forecasted negative variance of \$45,402. We anticipate ESSER II to cover the balance.
- Lunch Monitors were added at each elementary school and the middle school, leaving a negative variance of \$161,978. Given the secondary level has been hybrid and we have been remote for a week in December this forecast has been reduced to account for less days for the lunch monitors in those locations. Should we continue to have a hybrid schedule or be remote this line item would be reduced.
- We are currently forecasting a negative balance in our food service operations due to school closure and hybrid operations at the secondary level. As such, we have added the need for an additional \$388,964 to maintain food service operations. Should we close schools for a longer period of time there is a potential for this to increase.
- Nurses have worked overtime to assist in contact tracing due to COVID. We are forecasting a negative variance of \$27,360.
- Health insurance for staff added is forecasted at \$58,378. To date we have covered \$18,066 leaving a negative variance of \$40,312.

- We have added retirement costs associated with the district's food service staff due to loss of revenue from remote days in February. This is a negative variance of \$41,582.
- Staff development for re-opening of schools has totaled \$20,421.
- Nursing stipend for the COVID Compliance Officer of \$20,000 to cover the COVID hotline and additional hours worked has been added leaving a negative forecast.
- Substitute coverage is forecasted at \$49,000. The DEA through an MOU will receive two additional personal days. We are forecasting the cost of 1 additional day for each member as each school has building substitutes, interns, which would defray the cost of these days.
- The district has purchased Plexiglas partitions, which is partially offset through grant reimbursements. This forecast is a negative variance of \$88,408.
- Lunch tables were purchased leaving a negative variance of \$6,439.
- Contracted cleaning staff was added at the Middle School and High School to assist with cleaning, this is a forecasted expense of \$115,500 for the full year.
- Contracted cleaning staff was added for weekend cleaning; this is a forecasted expense of \$234,500 for the full year. This has been reduced, as we did not bring in the cleaning company during the week prior to Christmas break that schools were fully remote or the weekend during the remote period for the first week of January. Should we have other periods of fully remote sessions we would also cancel those services reducing this forecast.
- We are forecasting custodial supplies of \$120,000 for the additional cleaning taking place throughout the year this includes microfiber rags, soap, and disinfectant.
- Tents have been rented at the high school for \$3,500.
- Cost to provide sanitation to the buses has been included for \$14,306. We did have First Student provide additional cleaning to our fleet of buses prior to the arrival of the 12th and 8th graders in January and anticipate another deep clean when the rest of phasing in of students occurs.
